PATENT ASSIGNMENT

WHEREAS, **Chervon Intellectual Property Limited**, ("Assignor"), a British Virgin Islands corporation, having its principal place of business at P.O. Box 957, Offshore Incorporations Centre, Road Town, Tortola, British Virgin Islands, has hereby agreed to sell and assign to **Chervon (HK) Limited**, ("Assignee"), a Hong Kong corporation, having its principal place of business at Room 803B 8/F, Allied Kajima Building, 138 Gloucester Road, Wanchai, Hong Kong, its successors, assigns, nominees, or other legal representatives, the entire right, title, interest, and goodwill in and to the patents/patent applications identified on Exhibit A.

WHEREAS, in order to effectuate Assignor's assignment to Assignee of its entire rights, title and interests in and to the patents and patent applications identified in Exhibit A, Assignor is executing this instrument of assignment.

FOR GOOD AND VALUABLE CONSIDERATION, the sufficiency and receipt of which are hereby acknowledged, Assignor hereby assigns, transfers and conveys to Assignee, Assignor's entire worldwide right, title and interest in and to the patents and patent applications identified on Exhibit A attached hereto (collectively, the "Patents").

Together with Assignor's worldwide right, title and interest in and to each of the Patents being assigned to Assignee, are the rights to police, monitor and enforce said Patents against any and all past infringements (including, without limitation, the right to sue for and collect damages caused by any such infringement) which may have occurred at any time in the unlimited past, up to the date of this present Patent Assignment.

Assignor hereby covenants and warrants that, with respect to each Patent, it has the full right to convey its above-described right, title, and interest by this instrument, free of any encumbrances. Assignor further covenants and warrants that no other agreement has been or will be executed in conflict herewith.

Assignor agrees to perform all affirmative acts which may be necessary or desirable to perfect the above-described transfer of patent rights, or to secure issuance before the United States Patent and Trademark Office or any foreign Office, at Assignee's expense, as well as to cooperate with Assignee in obtaining and/or providing information required in any proceedings relating to the Patents, again at Assignee's expense.

Assignor further authorizes the Commissioner of Patents and Trademarks of the United States, and the appropriate official in any other country, to issue any and all patents to Assignee, and/or Assignee's successors and/or assigns.

Assignor hereby grants to the designated attorneys of Assignee, the authority and power to insert on this instrument, any further identification which may be necessary or desirable for purposes of recordation by the United States Patent and Trademark Office or the Patent Office of any other country throughout the world.

CHI 66937972v1

In WITNESS WHEREOF, Assignor has caused this instrument to be executed on this 15 day of April, 2016.
