**PATENTS**  
**CONFIRMATORY ASSIGNMENT AND AGREEMENT**

This assignment and agreement is made as of the 13<sup>th</sup> day of July 2016 between:

JOHN GRAINGER and GEOFF SMITH, both British Subjects, all c/o 55 Prince's Gate, Exhibition Road, London, SW7 2PN, England ("the Inventors")

and

The Clean Gas Company Ltd, (formerly known as Ospre Limited) 55 Prince's Gate, Exhibition Road, London, SW7 2PN a British company [Company number 07406161] ("the Employer")

AS ASSIGNORS and

Sage & Time LLP, 4 The Gables, Vale of Health, Hampstead, London NW3 1AY, England a British limited liability partnership [Company number OC358288] ("the Company") AS ASSIGNEE

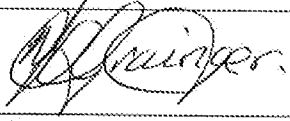

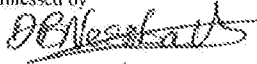

**WHEREAS:**

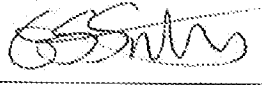

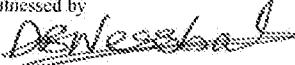

- A. The Inventors are (and at the time of making the invention were) employees of the Employer employed in a technical capacity to design new technologies relating *inter alia* to gas conditioning.
- B. The Inventors are the inventors of an invention concerning A GAS CONDITIONING SYSTEM ("the Invention") described in a patent specification filed before the UK Intellectual Office by the Company with the assent of the Inventors and the Employer under No. GB 1512590.9 ("the Application").
- C. The Inventors, the Employer and the Company are desirous that the Company should be free to hold and deal freely with the Invention, the Application, and any patent protection to be obtained for the Invention (whether in the UK or elsewhere and whether derived from the Application or not).

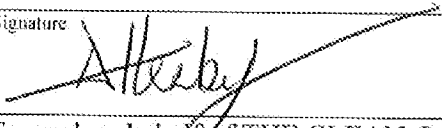

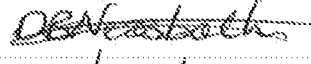

**NOW THEREFORE**

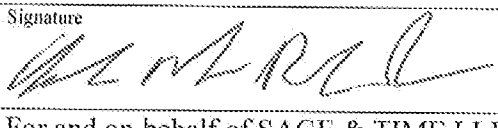

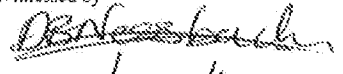

1. The Inventors and the Employer hereby assign and confirm their assignment absolutely to the Company of all assignable rights whatsoever that each may have in the Invention, for the Company to hold to the full extent that each would have had, had this Assignment not been made.
2. For the avoidance of doubt, and without restricting the generality of the above, it is confirmed that the Company had the right to file the Application, and shall have the right to file applications for protection of whatever form and in whichever countries it may choose to do so, including, without limitation, continuations, divisionals, or re-issue applications of any such application for protection.
3. It is further confirmed that the Company have and had the right to claim priority from the Applications.
4. All rights that the Company take under this assignment are freely assignable by the Company.
5. The consideration for the Assignment is in the premises above, but in deference to those jurisdictions where a monetary consideration is required to effect an assignment the Company pays to each of the Inventors and the Company the sum of £1 each (one pound sterling) the receipt, adequacy, and sufficiency of which the Inventors and the employer acknowledge on signature hereto.
6. The Inventors and the Employer AGREE to do all such things as may reasonably be required to apply for, obtain and perfect title to such protection in the Company's name or in such name as the Company may hereafter direct.
7. The assignment has an effective date of 16th July 2015
