ASSIGNMENT OF INVENTIONS, PATENTS AND PATENT APPLICATIONS

WHEREAS, Christian T. Scheindel, having an address at 2065 Ridge Road, Randolph Center, VT 05061 U.S.A. (hereinafter "Assignor"); represents and warrants that he is the owner of all right, title and interest in and to the United States Letters Patents and United States Applications for Letters Patents listed in the Schedule set forth below; and to the inventions represented by said patents and patent applications;

WHEREAS, Ultra Technologies, LLC, a corporation of the State of Vermont, United States of America, having an address at 2065 Ridge Road, Randolph Center, VT 05061, U.S.A. (hereinafter "Assignee"), is desirous of acquiring the entire right, title and interest to the Letters Patents and applications for Letters Patents listed in the Schedule set forth below, and the inventions disclosed, described and claimed therein, including any and all reissues, divisions, continuations or extensions thereof, and also including any and all rights in foreign countries under such patents, applications, and inventions, and the right to claim the priority dates thereof;

NOW, THEREFORE, for and in consideration of the sum of Ten (\$10.00) Dollars and other good and valuable consideration to the Assignor, the receipt of which is hereby acknowledged, the said Assignor does hereby sell, assign and transfer to the said Assignee, his successors, assigns, legal representatives, and nominees, his entire right, title and interest, throughout the world, in and to:

- (a) the 18 Letters Patents and applications for Letters Patents listed below;
- (b) any and all inventions described in said Letters Patents and applications for Letters Patents;
- (c) any and all continuation, divisional, renewal, and substitute applications that may be filed for United States Letters Patents for any and all of said inventions;
- (d) any and all patents that may be granted on the said applications, and any reissues or extensions thereof; and

(e) any and all rights in foreign countries under said Letters Patents, applications for Letters Patents, and inventions, including the right to claim the priority dates of the United States applications, and the rights to priority under such applications under the international Convention.

Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks to issue any and all Letters Patents for said inventions to said Assignee.

Assignor further assigns to Assignee any and all claims for damages and profits by reason of past infringement of said Letters Patents, including infringement of any proprietary rights in said inventions, with the right to sue for and collect the same for its own use and behalf, and for the use and behalf of its successors, assigns, or other legal representatives.

Assignor further covenants and warrants that, to the best of his knowledge, the rights and properties herein conveyed are free and clear of any encumbrances. Assignor further agrees that Assignee shall hold and enjoy said Letters Patents, applications for Letters Patents, and inventions for its own use as fully and entirely as the Assignor would have held and enjoyed said properties had this assignment and sale not been made, including the full right of the Assignee to convey said properties and the rights associated therewith.

Assignor further agrees on his own behalf, and on behalf of his successors, assigns, or other legal representatives, at any time, upon request, without additional compensation, but at no expense, to:

(i) communicate to said Assignee any facts relating to said inventions and the histories thereof; and

(ii) execute and deliver all papers and do all acts which may be necessary, desirable, or convenient to secure, maintain, and enforce patents for said inventions in any and all countries, and to execute and deliver any and all papers or instruments that in the opinion of Assignee may be necessary or desirable to vest title thereto in Assignee or its nominees, including the execution and delivery of any and all papers or instruments to carry out the terms of this Assignment, and to secure to Assignee the full enjoyment of the rights and properties herein conveyed or intended to be conveyed.
