Exhibit A
PATENT ASSIGNMENT

WHEREAS, Karen L. Rooney, an individual, ("Assignor") is a joint owner of all right, title and interest in and to the following patents as well as all inventions and technology described thereby (collectively the "Patents");

- (i) U.S. Patent No. 7,237,268;
- (ii) U.S. Patent No. 7,254,837;
- (iii) Any and all inventions and technology described by the above-listed U.S. patents;
- (iv) Any and all patents and patent applications throughout the world existing now or in the future that claim priority directly or indirectly to the above-listed U.S. patents or otherwise describe the same inventions and/or technology; and
- (v) Any and all substitutions, extensions, reissues, renewals, divisions, continuations, and continuations-in-part of the above-listed patents and patent applications throughout the world.

WHEREAS, Daniel M. Fields, an individual, ("Assignee") is the other joint owner of all right, title and interest in and to the Patents and is desirous of acquiring all of Assignor's right, title and interest in and to the Patents.

NOW, THEREFORE, in exchange for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto, intending to be legally bound, agree as follows:

1. Assignor hereby assigns and transfers to Assignee Assignor's entire right, title and interest in and to the Patents along with all causes of action relating thereto, whether arising before or after the date of this assignment.
2. The Patents and the inventions and technology described thereby shall be held and enjoyed by Assignee and its successors and assigns, for its exclusive use and benefit as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment not been made.
3. Assignor hereby authorizes and requests all applicable patent offices throughout the world to issue all letters patent on the Patents and the inventions and technology described thereby to Assignee.
4. Assignor agrees to (i) cooperate with Assignee in the protection of all rights related to the Patents and prosecution of all related domestic and foreign patent applications; (ii) execute and deliver all instruments and documents necessary to effectuate the transfer of the Patents to Assignee and record such transfer with the applicable government offices around the world; (iii) execute and deliver all instruments and documents necessary for the making and prosecution of applications for letters patent on the inventions and technology covered by the Patents, for litigation regarding said letters patent, and for the purpose of protecting title to the inventions and technology described in the Patents and all letters patent relating thereto; and (iii) perform such other acts as Assignee may lawfully request to obtain or maintain the Patents and any and all rights and applications relating thereto.
