## ASSIGNMENT

WHEREAS WE, Christopher A. POHL of 32572 Monterey Court, Union City, CA 94587-5150; Rosanne W. SLINGSBY of 5144 Greentree Court, Pleasanton, CA 94566 and Jing HONG of 22761 Medina Lane, Cupertino, CA 95014, have invented certain new and useful improvements, entitled ION EXCHANGE FOAMS TO REMOVE IONS FROM SAMPLES for which invention we have executed an application for Letters Patent in the United States that was filed on December 26, 2013 with the U.S. Patent and Trademark Office as Serial No. 14/140,690 which discloses and identifies the invention.

Whereas, DIONEX CORPORATION, a corporation formed in the State of Delaware, having a place of business at 445 Lakeside Drive, Sunnyvale, California 94085, (hereinafter referred to as assignee) is desirous of acquiring the entire right, title, and interest in and to said invention, said application and the Letters Patent to be obtained therefor;

Now, therefore, for good and valuable consideration, the receipt and sufficiency whereof are hereby acknowledged, we hereby sell, assign, and set over unto the assignee and said assignee's successors, assigns, and designees, the entire right, title, and interest in and to said invention, said application, and the Letters Patent, both foreign and domestic, that may or shall issue thereon; and we do hereby authorize and request the Commissioner of Patents to issue said Letters Patent to the above-mentioned assignee.

We hereby authorize the above-mentioned assignee or its legal representative to insert in this instrument the filing date and serial number of our said application or any other information that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

Upon said consideration, we convey to said assignee the right to make application in its own behalf for protection of said invention in countries foreign to the United States and where expedient to claim under the International Convention or other international arrangement for any such application the date of said United States application (or other application if any there be) in priority to other applications; and we do hereby covenant and agree with the said assignee that we will not execute any writing or do any act whatsoever conflicting with these presents, and that we will at any time upon request, at the expense of the said assignee, execute such additional assignments and other writings and do such additional acts as said assignee may deem necessary or desirable to perfect the assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, renewal, continuation, continuation-in-part, reissued or extended Letters Patent of the United States or of any and all foreign countries on said invention, and in enforcing any rights or chose in action accruing as a result of such application or patents, by giving testimony in any proceedings or transactions involving such application or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of the assigns and legal representatives of both parties. We hereby agree that the transfer of rights made by this instrument is effective as of the filing date of the application written above.

IN WITNESS WHEREOF, I hereto set my hand and seal on 12/31/13<sup>OP</sup>, 20 13.
