PATENT ASSIGNMENT

WHEREAS, Auspex Pharmaceuticals, Inc., a company incorporated under the laws of the State of Delaware, U.S.A. (herein: the "Assignor"), has made certain inventions that are subject of the patents and/or patent applications set forth in **Appendix A** to this assignment, which inventions and patents and patent applications will be referred to herein as the "Inventions", the "Patents" and the "Applications", respectively; and

WHEREAS, Clexio Biosciences Ltd. (herein: the "Assignee"), a company incorporated under the laws of the State of Israel, with offices at 21 Nahum Haftzadi Street, Jerusalem, Israel, is desirous of obtaining the entire right, title and interest in, to and under the Inventions, the Patents and the Applications and the Assignor is ready, willing and able to assign to the Assignee all such right, title and interest.

NOW THEREFORE, in consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Assignor does hereby assign to the Assignee, its successors, legal representatives and assigns, and the Assignee hereby accepts, all right, title and interest in, to and under the Inventions, the Patents and the Applications, including, without limitation, all rights, powers, privileges and immunities arising thereunder or conferred thereby including the right to sue for past infringement, and all divisions, renewals and continuations thereof, and any and all applications that may be filed thereon in any jurisdictions, and all patents that may be granted thereon, and all reissues or extensions thereof, and all divisions, renewals and continuations thereof, and all patents that may be granted thereon and all extensions and reissues thereof, together with any and all rights of priority relating to the Inventions and the Applications and any applications filed or patents granted thereon.

AND THE ASSIGNOR HEREBY authorizes and requests any official of any country or jurisdiction, whose duty it is to issue and record patents on the Applications, to issue and record the same to and in the name of the Assignee, its successors, legal representative and assign, in accordance with the terms of this instrument.

AND THE ASSIGNOR HEREBY covenants and agrees that it has full right to convey all interests and ownership rights in the Inventions, the Patents and the Applications.

AND THE ASSIGNOR FURTHER HEREBY covenants and agrees that it will communicate and relay to the Assignee, its successors, legal representative and assigns, any facts and documents known to it representing the Inventions, testify to any legal proceeding, and that it and its employees shall sign all lawful papers, execute all divisional, continuing, reissue and foreign applications, make all rightful oaths, and generally do everything possible to aid the Assignee, its successors, legal representative and assigns, to vest title in the Inventions, the Patents and Applications and related foreign rights in the Assignee and its successors and assigns and to obtain and enforce proper protection for the Inventions in all countries.

AND THE ASSIGNOR hereby irrevocably appoints the Assignee and its duly authorized officers and agents as attorney in fact for the Assignor, to act on its behalf to execute and file any documents and to do all other lawfully permitted acts to further the purposes of this Assignment, including without limitation the prosecution and issuance of letters patent, with the same legal force and effect as if executed by me.
