ASSIGNMENT

PARTIES:

- (i) Anatoly VERENCHIKOV, whose address is 15-Vladimira Rolovica, City of Bar, Montenegro,
- (ii) Mikhail YAVOR, whose address is Gakkelevskaya st. 22/1 apt. 31 197372, St Petersburg, Russian Federation,

(hereinafter referred to collectively as "the Inventors")

AND

- (iii) COMPANY MASS SPECTROMETRY CONSULTING LTD. (with the registered name MSC-CG D.O.O.), having its principal office at the city of Bar, Montenegro (hereinafter referred to as the "Assignee")

RECITALS:

1. The Inventors are inventors of invention ("the Inventions") described in UK Patent Application No. 1507363.8 filed 30 April 2015, International Patent Application No. PCT/GB2016/051238 filed 29 April 2016, UK Patent Application No. 1520130.4 filed 16 November 2015, International Patent Application No. PCT/US2016/062174 filed 16 November 2016, UK Patent Application No. 1520134.6 filed 16 November 2015, International Patent Application No. PCT/US2016/062203 filed 16 November 2016, UK Patent Application No. 1520540.4 filed 23 November 2015, International Patent Application No. PCT/US16/63076 filed 21 November 2016, and UK Patent Application No. 1613988.3 filed 16 August 2016, ("the Applications").
2. Now, therefore, in consideration of one pound (£1.00), the receipt and sufficiency of which is hereby acknowledged by the Inventors, the Inventors HEREBY ASSIGN to the Assignee absolutely all their right, title and interest

in the Inventions, in the Applications, and in all improvements and modifications of the Inventions, including the right to claim priority from the Applications in any application for a patent or other right, whether national, regional or international, in or for any country in the world, and the right to make applications or requests for and to be granted patents, brevets d'invention, utility models, reissues, re-examination or review certificates, extension, registered designs and other intellectual property and like rights, whether national, regional or international, in or for any country in the world, including, but not limited to, the right to file continuations, divisionals, continuation-in-part applications, or substitutions of the Applications, either in the name of the Assignee or in the name of the Inventors or in such other name or names as the Assignee may desire, and the right to all patents that may be granted pursuant to the Applications, as well as all patents and other intellectual property that may derive priority from or have equivalent claim to or be based upon the Applications in any country of the world, and references to the Applications in this Assignment shall be deemed to include all such items of property, and all rights of action, powers and benefits arising from ownership of the Applications, including without limitation the right to sue for damages and other legal and equitable remedies (and retain any financial award made in any action) in respect of all causes of action arising prior to, on or after the date of this Assignment.

3. The Inventors agree with the Assignee to execute all such documents and give all such assistance at the expense of the Assignee as the Assignee may require in order to enable the Assignee to enjoy the full benefit of the rights assigned in this Assignment.
4. The Inventors further hereby assign to the Assignee any and all copyright in any drawings of or associated with the Inventions and the development thereof and any and all rights in any design relating to or associated with the Inventions and the development thereof.
5. The Inventors hereby represent and warrant that the Inventors have the full and unencumbered right to sell, assign, and transfer the interests assigned and

transferred herein, and that Inventors have not executed and will not execute any document or interest in conflict herewith.

6. The validity, construction and performance of this Assignment shall be governed by English law, and the parties submit to the exclusive jurisdiction of the Courts of England and Wales.
