PATENT ASSIGNMENT

WHEREAS, NSPIRED IDEAS, LLC, a California limited liability company, (the "Assignor") is the owner of the patents and patent applications in the United States Patent and Trademark Office as set forth on Schedule A attached hereto (all such patents and patent applications, collectively, the "Patents"); and

WHEREAS, RTG SCIENTIFIC, INC. ("Assignee"), a Delaware corporation, is desirous of acquiring any and all rights that Assignor may have in and to the Patents, along with the right to recover for damages and profits for past infringements thereof.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby assign unto Assignee all right, title and interest in and to the Patents and the registrations and applications therefore in the United States and throughout the world, along with the right to sue and recover for, and the right to profits, penalties or damages due or accrued arising out of or in connection with any and all past, present and future infringements or damage or injury to the Patents;

Assignor agrees to execute and deliver at the request of the Assignee, all papers, instruments, and assignments, and to perform other reasonable acts the Assignee may require in order to vest all Assignor's right, title and interest in and to the Patents in the Assignee and/or to provide evidence to support any of the foregoing in the even such evidence is deemed necessary by the Assignee, to the extent such evidence is in the possession or control of the Assignor.

This the 30th day of October, 2014.
