ASSIGNMENT

PATENT

In consideration of good and valuable consideration, the receipt of which is hereby acknowledged, I, the undersigned:

DAN YIN
STEFAN WERNER
CHRISTIAN MARTIN
MARTIN HOFFMAN
DAVID MCKINSTRY

hereby sell, assign, and transfer to:

IMO INDUSTRIES INC.

a corporation of Delaware, having a place of business at 3525 Quakerbridge Road, Suite 912, Hamilton, New Jersey 08619, ("Assignee"), and its successors, assigns, and legal representatives, the entire right, title, and interest for the United States and all foreign countries, in and to any and all improvements that are disclosed in the U.S. Non-Provisional Patent Application entitled:

INTELLIGENT SEAWATER COOLING SYSTEM

which was filed on July 8/1, 2014, as U.S. Patent Application Ser.
No. 14/ 449,298

and in and to said application and all international applications, divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, national stage applications and all other patent applications that shall be filed in the United States and all countries outside the United States on any of said improvements; and in and to all original patents, reissued patents, reexamination certificates, and extensions, that have been or shall be issued in the United States and all countries outside the United States on said improvements; and in and to all rights of priority resulting from the filing of said U.S. Non-Provisional Patent Application;

agree that said Assignee may apply for and receive a patent or patents for said improvements in its own name in the United States and all countries outside the United States; and that, when requested, without charge to, but at the expense of, said Assignee, its successors, assigns, and legal representatives, to carry out in good faith the intent and purpose of this Assignment, the undersigned will execute all international applications, divisional applications, continuation applications, continued

prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, national stage applications and all other patent applications on any and all said improvements that shall be filed in the United States and all countries outside the United States; execute all rightful oaths, assignments, powers of attorney, and other papers relating to said patents and patent applications; communicate to said Assignee, its successors, assigns, and representatives all facts known to the undersigned relating to said improvements and the history thereof, and generally assist said Assignee, its successors, assigns, or representatives in securing and maintaining proper patent protection for said improvements in the United States and all countries outside the United States, and for vesting title to said improvements, and all applications for patents and all patents on said improvements in the United States and all countries outside the United States, in said Assignee, its successors, assigns, and legal representatives; and

covenant with said Assignee, its successors, assigns, and legal representatives that no assignment, grant, mortgage, license, or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.
