ASSIGNMENT

WHEREAS, I, Paul Badillo, have invented certain new inventions described in the applications for United States Letters Patent listed in Exhibit A (“Applications”);

WHEREAS, Intelligent Designs 2000 Corp., whose address is 14509 East 33rd Place, Unit E, Aurora, Colorado 80011 (ASSIGNEE”), desires to acquire an equal right, title, and interest in and to the Applications, inventions described in the Applications, and any Letters Patent issuing from the Applications in the United States and in all foreign countries;

NOW THEREFORE, be it known I, the said inventor, for and in consideration of certain good and valuable consideration, the sufficiency and receipt of which is acknowledged, at the request of the ASSIGNEE sell, assign, and transfer unto ASSIGNEE, their successors, legal representatives, and assigns, the Applications and the inventions described therein for the territory of the United States of America and all continuation, divisional, continuation-in-part, and reissue applications associated therewith; all corresponding patent applications in foreign countries; all applications under the Patent Cooperation Treaty; all applications for extension filed or to be filed for the inventions; and all Letters Patent, Invention Registrations, Utility Models, Extensions, Reissues, and other patent or registration rights obtained for the inventions described in the Applications in the United States of America or any other country;

I also assign any right, title, and interest in and to the Applications and the inventions described therein which have not already been transferred to the ASSIGNEE, which includes the right to be granted a patent in PCT contracting states, and the right to claim priority to the provisional application listed in Exhibit A;

I warrant that I have made no assignment of the Applications, inventions, patents, registrations, or other protections therefor to a party other than ASSIGNEE and we are under no obligation to make any assignment to any other party; and

I further agree to cooperate with the ASSIGNEE in the obtaining and sustaining of any and all such Letters Patent and other protections contemplated herein and in confirming ASSIGNEE exclusive ownership of the invention(s), but at the expense of the ASSIGNEE.

I have reviewed and understand the contents of the Applications, including, if applicable, the claims thereof, which may have been amended by a preliminary amendment filed with the application or which is contemplated. I affirm the Applications were made or authorized to be made by me. I acknowledge the duty to disclose information material to patentability as defined in 37 CFR 1.56, including for continuation-in-part applications, material information which became available between the filing date of the prior application and the national or PCT international filing date of the continuation-in-part application. I hereby acknowledge that any willful false statement regarding inventorship of the Applications may be punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

The Commissioner of Patents is authorized and requested to issue any U.S. Letters Patent solely in accordance with the terms of this Assignment, jointly to INTELLIGENT DESIGNS 2000 CORP., its successors, legal representatives, and assigns, as the assignee of the entire right, title, and interest therein.

IN WITNESS WHEREOF, the party hereto has executed this Assignment as of the date indicated below.
