## ASSIGNMENT BY INVENTORS

THIS ASSIGNMENT, made by Lawrence D. Garber residing at 153 Southville Road, Southborough, Massachusetts 01772, Logan M. Garber residing at 153 Southville Road, Southborough, Massachusetts 01772, Sean M. McCarthy residing at 87 Berry Corner Road, Charlton, Massachusetts 01507 and Scott G. Pilate residing at 16 Willard Road, Sturbridge, Massachusetts 01566 (hereinafter referred to as "Assignors");

WHEREAS, Assignors have invented certain new and useful improvements in **Patient Treatment Status Notification System**, set forth in a U.S. nonprovisional patent application, filed on April 5, 2018 as U.S. Application No. 15/946,218, and a PCT patent application, filed on April 5, 2018 as International Application No. PCT/US2018/026233; and

WHEREAS, Reliant Medical Group, Inc., organized under and pursuant to the laws of the Commonwealth of Massachusetts having its principal place of business at 100 Front Street, Worcester, Massachusetts 01608 (hereinafter referred to as "Assignee"), is desirous of acquiring the entire right, title and interest in and to said invention(s) and said application(s) for patent, and in and to any patent(s) in the United States and worldwide to be obtained therefore and thereon.

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and sufficient consideration, the receipt of which is hereby acknowledged, Assignors have sold, assigned, transferred and set over, and by these presents do sell, assign, transfer and set over, unto Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to the above-mentioned invention(s) and application(s) for patent, and in and to any and all direct and indirect divisions, continuations and continuations-in-part of said application(s) for patent, and any and all patent(s) in the United States and all foreign countries/regions which may be granted therefore and thereon, and reissues, reexaminations and extensions of said patent(s), and all rights under the International Convention for the Protection of Industrial Property, the same to be held and enjoyed by Assignee, for its own use and benefit and the use and benefit of its successors, legal representatives and assigns, to the full end of the term or terms for which patent(s) may be granted and/or extended, as fully and entirely as the same would have been held and enjoyed by Assignors, had this sale and assignment not been made.

AND for the same consideration, Assignors hereby represent and warrant to Assignee, its successors, legal representatives and assigns, that, at the time of execution and delivery of these presents, except for any rights, titles and/or interests that have arisen to Assignee under law or that have already been transferred to Assignee, Assignors are the sole and lawful owners of the entire right, title and interest in and to the said invention(s) and application(s) for patent above-mentioned, and that the same are unencumbered and that Assignors have good and full right and lawful authority to sell and convey the same in the manner herein set forth.

AND for the same consideration, Assignors hereby covenant and agree to and with Assignee, its successors, legal representatives and assigns, that Assignors will sign all papers and documents, take all lawful oaths and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of any patent(s) and application(s) for patent for said invention(s), without charge to Assignee, its successors, legal representatives and assigns, whenever counsel of Assignee, or counsel of its successors, legal representatives and

assigns, shall advise: that any proceeding in connection with said invention(s), or said application(s) for patent, or any proceeding in connection with any patent(s) or application(s) for patent for said invention(s) in any country/region, including but not limited to interference proceedings, is lawful and desirable; or, that any division, continuation or continuation-in-part of any application(s) for patent, or any reissue, reexamination or extension of any patent(s), to be obtained thereon, is lawful and desirable.

AND Assignors hereby request the Commissioner for Patents and Trademarks of the United States to issue said patent(s) to Assignee, as Assignee of said invention(s) and the patent(s) to be issued thereon, for the sole use and benefit of Assignee, its successors, legal representatives and assigns.

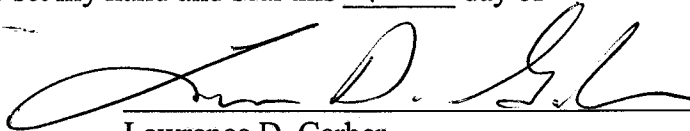

AND Assignors hereby grant the following individuals the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office or other government offices worldwide for recordation of this document:

MIRICK, O'CONNELL, DEMALLIE & LOUGEE, LLP  
All practitioners at Customer Number 28534

AND Assignors acknowledge an obligation of assignment of this invention to Assignee at the time the invention was made.
