ASSIGNMENT

The Board of Supervisors of Louisiana State University and Agricultural and Mechanical College, as represented by Pennington Biomedical Research Center, a Louisiana public constitutional corporation, with offices located at 6400 Perkins Road, Baton Rouge, Louisiana 70808, (hereinafter referred to as "Assignor") and Access Business Group International LLC, a Michigan limited liability company, having a place of business at 7575 Fulton Street East, Ada, Michigan 49355 (hereinafter referred to as "Assignee"), being parties to a Development Agreement of December 14, 2015 (hereinafter referred to as the "Agreement").

Pursuant to the Agreement, Assignor hereby confirms assignment and assigns its respective right, title, and interest to the following patent applications entitled BODY WEIGHT MANAGEMENT AND ACTIVITY TRACKING SYSTEM (hereinafter referred to as the "Applications") and all inventions described therein, to Assignee:

- United States provisional patent application no. 62/483,021 filed on April 7, 2017;
- United States provisional patent application no. 62/607,537 filed on December 19, 2017;
- United States nonprovisional patent application no. 15/946,841 filed on April 6, 2018;
- PCT patent application no. PCT/US2018/026379 filed on April 6, 2018.

For good and valuable consideration, the sufficiency of which is hereby acknowledged, Assignor sells, assigns, and transfers unto Assignee its respective right, title, and interest in and to: (a) the Applications and all inventions described therein in the United States and in all foreign countries, (b) all nonprovisionals, divisions, continuations, continuations-in-part, reissues, reexaminations, substitutions, renewals, and extensions claiming priority directly or indirectly from any of the Applications, including the right to claim for any such application the benefits of the International Convention; and (c) all patents that may be granted on any of the foregoing in the United States and in all foreign countries.

Assignor authorizes and requests the patent office officials in the United States and in all foreign countries to issue all of the patents, when granted, to Assignee as the owner of its respective right, title, and interest in and to the same.

Assignor, at no out-of-pocket expense to Assignor, agrees to communicate to Assignee or its representatives all facts known to Assignor respecting the invention; to testify in all legal proceedings; to sign all reasonably-requested documents; to execute all nonprovisional, divisional, continuation, continuation-in-part, reissue, reexamination, substitution, renewal, and extension applications reasonably requested; to execute all reasonably necessary assignment documents to effect these assignments, to make all reasonable and rightful oaths, and generally to do everything reasonably possible to aid Assignee, its successors and assigns, to obtain and enforce proper protection for the invention in the United States and in all foreign countries.

Executed on behalf of the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College, as represented by Pennington Biomedical Research Center
