ASSIGNMENT OF RIGHTS IN PATENT APPLICATION

Assignee(s): LEGO A/S

Aastvej 1

Billund, Denmark

DK-7190

I desire to assign a 100% undivided interest in said patent application to the above-identified Assignee(s), and wherein said Assignee(s) is desirous of acquiring the entire right, title and interest in the same; for value received, the receipt and sufficiency whereof is hereby acknowledged; I hereby assign, sell and transfer a 100% undivided interest in the entirety of the bundle of rights, title, and interest in and to said patent application, unto said Assignee(s), together with all claims for damages and profits by reason of any past infringement of said letters patent and the right to sue therefor, and together with the right to file said patent application or any division, continuation, or continuation-in-part thereof in any foreign jurisdiction under the Paris Convention or the Patent Cooperation Treaty, such interests, claims, and rights, to be held and enjoyed by the Assignee(s) for its own use and for its successors and assigns, to the full end of the term for which a patent issuing from said patent application may be granted, and any reissues, renewals, or extensions thereof as may be granted, as fully and entirely as the same would have been held by Assignor had this Assignment and sale not been made; and I further agree to execute all necessary and lawful future documents, including assignments in favor of Assignee(s), or its designees as Assignee or its Assignees may from time-to-time present to me in order to perfect title in said patent application; and I further covenant that no assignment, sale, agreement, or encumbrance has been or will be made or entered into which would conflict with this assignment and sale; and I further covenant that Assignee(s) will, upon its request, be provided promptly with all pertinent facts and documents relating to said patent application as may be known and accessible to me and I will testify to the same in any proceeding or litigation related thereto and will promptly execute and deliver to Assignee(s) or its legal representatives any and all papers, instruments, declarations, or affidavits required to apply for, obtain, maintain, and enforce said patent application or patent issuing therefrom which may be necessary or desirable to carry out the purposes hereof; this Assignment may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Upon being duly cautioned, I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true and further that false statements and the like so made are punishable by fine, imprisonment or both under Section 1001 of Title 18 of the United States Code, and that such willful, false statements may jeopardize the validity of the patent application and any patent issuing therefrom.

ASSIGNMENT OF RIGHTS IN PATENT APPLICATION

Assignee(s): LEGO A/S  
Aastvej 1  
Billund, Denmark  
DK-7190

I desire to assign a 100% undivided interest in said patent application to the above-identified Assignee(s), and wherein said Assignee(s) is  
desirous of acquiring the entire right, title and interest in the same; for value received, the receipt and sufficiency whereof is hereby acknowl-  
edged; I hereby assign, sell and transfer a 100% undivided interest in the entirety of the bundle of rights, title, and interest in and to said  
patent application, unto said Assignee(s), together with all claims for damages and profits by reason of any past infringement of said letters  
patent and the right to sue therefor, and together with the right to file said patent application or any division, continuation, or continuation-in-  
part thereof in any foreign jurisdiction under the Paris Convention or the Patent Cooperation Treaty, such interests, claims, and rights, to be  
held and enjoyed by the Assignee(s) for its own use and for its successors and assigns, to the full end of the term for which a patent issuing  
from said patent application may be granted, and any reissues, renewals, or extensions thereof as may be granted, as fully and entirely as  
the same would have been held by Assignor had this Assignment and sale not been made; and I further agree to execute all necessary and  
lawful future documents, including assignments in favor of Assignee(s), or its designees as Assignee or its Assignees may from time-to-time  
present to me in order to perfect title in said patent application; and I further covenant that no assignment, sale, agreement, or encumbrance  
has been or will be made or entered into which would conflict with this assignment and sale; and I further covenant that Assignee(s) will, upon  
my request, be provided promptly with all pertinent facts and documents relating to said patent application as may be known and accessible  
to me and I will testify to the same in any proceeding or litigation related thereto and will promptly execute and deliver to Assignee(s) or its  
legal representatives any and all papers, instruments, declarations, or affidavits required to apply for, obtain, maintain, and enforce said  
patent application or patent issuing therefrom which may be necessary or desirable to carry out the purposes hereof; this Assignment may be  
executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same  
instrument. Upon being duly cautioned, I hereby declare that all statements made herein of my own knowledge are true and that all  
statements made on information and belief are believed to be true and further that false statements and the like so made are punishable by  
fine, imprisonment or both under Section 1001 of Title 18 of the United States Code, and that such willful, false statements may jeopardize  
the validity of the patent application and any patent issuing therefrom.
