ASSIGNMENT

WHEREAS, we, **Martin Taylor** and **Charles Kimtantas**, are the joint inventors of "Systems and Methods for Enhanced Separation of Hydrogen Sulfide and Ammonia in a Hydrogen Sulfide Stripper", for which application papers were submitted on March 5, 2015 and assigned serial number PCT/US15/19009; and

WHEREAS, **Bechtel Hydrocarbon Technology Solutions, Inc.** ("**Bechtel**"), a Delaware corporation, has all legal rights in and to this invention and desires to confirm such rights through this assignment (hereinafter "Assignment") and therefore ensure that it has acquired all right, title and interest in and to said invention;

NOW THEREFORE, for valuable consideration received, I hereby acknowledge that I have sold, assigned, and transferred, and to the extent it is later discovered that I have not sold, assigned or transferred, do hereby sell, assign and transfer to said **Bechtel**, its successors, assigns, designees and legal representatives, all right, title and interest in and to said invention in the United States and in all other countries throughout the world; including without limitation those in and to the above-named application and any continuation, substitute or division application thereof and the patent or patents which may be issued thereon in the United States and any reissue of any such patent, and those in and to any application or patent or utility model in any and all such other countries of the world, and further including the right to file further applications in all countries throughout the world in the name of **Bechtel** or whomsoever that company may nominate, and to claim the priority of the above-named PCT application or any other application permitted under the International Convention of Paris of 1883.

And to the extent I have the authority, I hereby authorize and request the Commissioner of Patents and Trademarks to issue any and all Letters Patent of the United States on said invention or resulting from said application and from any and all divisions, continuations, and reissues thereof, to **Bechtel**, its successors, assigns, designees or other legal representatives, as assignee of all interest in the aforementioned, and hereby covenant that I had the full right to convey the entire interest herein assigned, and that I have not executed and will not execute any agreement in conflict herewith.

And I further hereby covenant and agree that I will, upon request, execute and deliver any and all lawful and relevant papers that may be necessary to perfect the title of said invention and to such Letters Patent as may be granted therefore, to **Bechtel**, its successors, assigns, designees, or other legal representatives and that if **Bechtel**, its successors, assigns, designees or other legal representatives shall desire to file any divisional or continuation applications or to secure a reexamination or reissue of such Letters Patent, or to file a disclaimer relating thereto, will upon request, sign all papers, make all rightful oaths and do all lawful acts requisite for the filing of such divisional or continuation application, or such application for reissue and the procuring thereof, and for the filing of such disclaimer, at the expense of **Bechtel**, its successors, designees or other legal representatives.

And I do further covenant and agree that I will, upon request, communicate to **Bechtel**, its successors, assigns, designees or other legal representatives, such facts relating to said invention and Letters Patent or the file history thereof as may be known to us, and testify as to the same in any interference or other litigation when requested so to do, at the expense of said assignee, designee, its successors, or other legal representatives.

And I hereby agree that I will upon request execute any lawful and relevant instrument which Bechtel, or whomsoever that company may nominate, desires to carry this Assignment in effect, and perfect the title transferred hereby, or to prosecute any of the above-mentioned PCT applications or any foreign application on this invention.

IN TESTIMONY WHEREOF, I have executed this Assignment next to my name below, which shall be effective as of March 5, 2015.
