ASSIGNMENT

For one dollar (\$1) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we, the undersigned, **Konstantin Nakovski** of Bedford Heights, Ohio; **Carl C. Petersen** of Mentor, Ohio; **Jay C. Marino** of South Euclid, Ohio; **Robert G. Gannon** of North Olmsted, Ohio; and **Lawrence W. Taylor** of Twinsburg, OH ("Inventors") who have created a certain invention for which a U.S. patent application was filed as a national filing under 35 USC 371 on June 15, 2015 as U.S. Serial No. 14/652,413, of International Application PCT/US2013/075454, International Filing Date 16 December 2013, and claiming the priority benefit of U.S. Provisional Application Serial No. 61/737,288, filed December 14, 2012, and is entitled

SUSPENSION SYSTEM ESPECIALLY FOR UNDERWATER CABLE

hereby sell, assign and transfer *nunc pro tunc* as of December 13, 2012 to **PMI INDUSTRIES, INC.** ("Assignee"), a corporation of the State of Ohio corporation having a principal place of business at 5300 St. Clair Ave., Cleveland, Ohio 44103, its successors, assigns, nominees or other legal representatives, the full, exclusive, entire worldwide rights, title and interest in, to, and under said invention as described and claimed in said provisional application, the same to be held and enjoyed by Assignee for its own use and enjoyment, and for the use and enjoyment of its successors, assigns, nominees, or other legal representatives, to the end of the term or terms for which said Letters Patent are or may be granted, reexamined, reissued, or extended, and claiming the benefit of the provisional application, as fully and entirely as the same would have been held and enjoyed by Inventors if this assignment and sale had not been made; all of the entire rights, title and interest in and to said invention and said provisional application, and all non-provisional applications, original and reissued patents granted for said invention, and all divisions, reissues, continuations-in-part, and continuations of said application claiming priority therefrom, including the subject matter of any and all claims which may be obtained in every patent, and the right, where such right can be legally exercised, in Assignee's own name to apply for and obtain patents in the U.S. or countries foreign to the United States, including the full right to claim for any such application the benefits of the International Convention and the Patent Cooperation Treaty as fully and entirely as Inventors could have done if the U.S. or foreign application had been filed in the names of the Inventors, and the entire interest in any Letters Patent which may be granted on any such application in such foreign countries, and Inventors authorize and request the Commissioner of Patents of the United States, and any official of any country or countries foreign to the United States whose duty is to issue patents on applications as aforesaid, to issue the said Letters Patent to Assignee, its successors, assigns, nominees, or other legal representatives, as Assignee and owner of the said entire rights, and Inventors covenant that Inventors have the full right to convey the said entire interest herein assigned and that Inventors have not executed and will not execute any agreement in conflict herewith, and Inventors will communicate to Assignee, its successors, assigns, nominees, or other legal representatives all facts known to Inventors respecting said invention, whenever requested, and testify in any legal proceedings, sign all lawful papers, execute and deliver all divisional, continuing, and reissue applications, make all rightful oaths or declarations, and do all lawful acts requisite for the application for such divisional, continuing, or reissue applications, or the procuring thereof, and that if and when Assignee, its successors, assigns, nominees, or other legal representatives desire to file a disclaimer relating thereto, Inventor(s) will, upon request, sign and deliver all lawful papers requisite for the filing of such disclaimer; and
