PATENT ASSIGNMENT

The Estate of Mark E. Sanders (the "Estate") is the owner of the following United States Patents (collectively the "Patents") for which Mark E. Sanders, now deceased, is the sole named inventor:

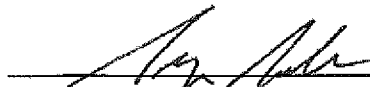

<u>Patent Number</u>	<u>Issue Date</u>	<u>Title</u>
9,546,454	January 17, 2017	Precast Concrete Road Repair Panel
9,556,566	January 31, 2017	Leveling Plate Apparatus for a Road Repair System

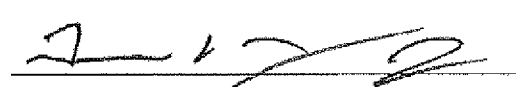

The Estate desires to assign these patents and all rights appurtenant thereto to Sanders Precast Concrete Systems, Inc. ("SPC"), an Indiana corporation having a principal place of business at 6051 Whitestown Road, Whitestown, IN 46075, and SPC desires to acquire these patents and associated rights.

For good and valuable consideration, the receipt of which is acknowledged by the Estate, the Estate hereby assigns and transfers to SPC, and SPC agrees and accepts, all of the Estate's right, title and interest in, to and under the Patents, together with all rights of priority and rights of action for infringement, in, to and under the Patents, including but are not limited to: (a) the right to make, have made, use, and sell under the Patents; (b) all past, present and future rights and privileges, legal, equitable and otherwise, including, to the extent permissible by law, rights and privileges related to the attorney-client relationship of Mark E. Sanders; (c) all past, present and future causes of action, including causes of action for infringement and misappropriation, whether committed or accruing before, on or after the effective date of this assignment; (d) all past, present and future remedies for damages and profits; and (e) the right to decide whether to maintain any of the Patents in force by payment of any necessary maintenance fees. Such patent and associated rights (referred to jointly as "the Patent Rights") are to be held and enjoyed by the SPC as fully and entirely as the same would have been held and enjoyed by the Estate and by Mark E. Sanders if this assignment and transfer had not been made.

The Estate warrants that it has the right to execute and be bound by the terms of this Assignment and that the undersigned on behalf of the Estate has the right, as executor, to obligate the Estate pursuant to this Assignment.

Signed this 27 day of June, 2018.
