ASSIGNMENT

WHEREAS, we, Jason Jacobs, Gansevoort, NY; Andy Dahlen, Saratoga Springs, NY; Jessica Abel, Niskayuna, NY; Lora Spizzirri, Chicago, IL; Karen Murrie, Highland Park, IL; Brody Boyer, Chicago, IL; Emily Berry, Chicago, IL; Vince Bowman, Highland Park, IL; Christian Kulujian, Chicago, IL; Nick Giesse, Altamont, NY; Josh Hecker, Gloversville, NY; and Jack Hotz, West Bloomfield, MI have invented certain new and useful improvements in a Cap for a Canister, for which U.S. Design Patent Application No. 29/591,245 was filed on January 18, 2017; and

WHEREAS, Hero AG ("Hero"), whose business address is Hero AG, Karl Roth-Strasse 8, 5600 Lenzburg, Switzerland, is desirous of acquiring all right, title and interest in and to the Applications, the invention described therein, and any and all applications and patents claiming priority therefrom.

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00), and other good and valuable consideration to me in hand paid, the receipt and sufficiency of which is hereby acknowledged, I do hereby assign, sell, transfer, convey and set over to HERO, free and clear of all liens, encumbrances and other restrictions or obligations, all of my right, title and interest in and to (i) the Applications, (ii) all inventions and designs described in the Applications and all patent applications relating thereto which have been or shall be filed in the United States, its territorial possessions and/or any foreign countries, (iii) all applications claiming the benefit of the filing date or claiming priority, directly or indirectly, from any of the foregoing, including without limitation any and all divisional applications, continuation applications, continuation-in-part applications, reissue applications, reexaminations, extensions and corresponding international, regional, national and other foreign applications, (iv) all rights, including without limitation all priority rights, under any international conventions, unions, agreements, acts and treaties, (v) all patents issuing or reissuing, directly or indirectly, from any of the foregoing, (vi) all other forms of protection that may be provided in any country for the Applications or the disclosure therein, and (vii) all claims for damages, injunctive relief and all other remedies arising out of any infringement or violation of any of the foregoing assigned rights, with the right to sue for past infringement and to collect and retain damages that may have accrued prior to the effective date of this Assignment, or which have accrued or may hereafter accrue, for HERO's own use and benefit and for the use and benefit of HERO's successors, assigns and other legal representatives (all of the foregoing hereafter referred to collectively as the "Subject Property").

AND, I do hereby acknowledge and agree that HERO, as the assignee of the entire right, title and interest thereto, shall have sole control over and sole and absolute discretion with respect to any decisions regarding the Subject Property, including without limitation with respect to any decisions regarding where to file patent applications and the prosecution and maintenance of any patent applications or patents.

AND, I do hereby authorize and request that any patents issued from any of the Subject Property be issued to HERO, as the assignee of the entire right, title and interest thereto.

AND, I do hereby agree to execute, upon request of HERO and at HERO's expense, any and all documents that HERO deems necessary or convenient to vest or record title in and to any of the Subject Property in HERO, and to provide such other material, information or assistance related to the Subject Property as HERO may deem necessary or convenient.

AND, I do further understand, confirm and acknowledge that in executing this document I am transferring my entire interest in and to the Subject Property to HERO, and that the attorney(s) appointed in the Application also represent HERO and any co-inventor(s) identified in the Applications. I consent to such multiple representation for the purpose of prosecuting any of the foregoing patent applications, and do hereby authorize the attorney(s) to take all future instructions from HERO. I am unaware of any potential interest that I may have that differs from, or is adverse to, that of HERO with respect to the prosecution of the foregoing patent applications, and I further acknowledge that, prior to executing this document, I did not seek or obtain any legal advice from HERO's attorney(s) with respect to this Assignment and that I have been informed of my right to seek independent counsel of my own choosing and at my own personal expense.
