Exhibit B

ASSIGNMENT

WHEREAS, the undersigned, Segundo J. Gonzalez, M.D. an individual with a mailing address of 2344 Winslow Dr. Tampa, FL has invented certain new and useful improvements in the below patent(s) and/or application(s) as fully set forth and described below:

U.S. App. No.: 15/121,246
Filed: August 8, 2016
Title: Methods and Systems for Performing Segmentation and Registration of Images Using Neutrosophic Similarity Scores

U.S. Patent No.: 9,443,161
Filed: October 20, 2014
Title: Methods and Systems for Performing Segmentation and Registration of Images Using Neutrosophic Similarity Scores

(the "Inventions")

WHEREAS, H. Lee Moffitt Cancer Center and Research Institute, Inc., a Florida non-profit corporation organized pursuant to Section 1004.43, Florida Statutes, with its principal place of business at 12902 Magnolia Drive Tampa, Florida 33612 (the "Assignee"), is desirous of acquiring the entire right, title and interest in and to said Inventions, the application and patent identified above, and in, to and under Letters or Design Patent(s) that may be obtained for the invention in the United States and its territorial possessions, and in any and all jurisdictions;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby freely acknowledged and intending to be legally bound, the said Assignor, has sold, assigned, transferred and set over, to Assignee, free and clear of all liens, security interests, liabilities and encumbrances, the full and exclusive right, title and interest in and to said Inventions and in and to the Inventions and application hereinabove identified, and any Letters or Design Patent that may issue therefor in the United States and its territorial possessions, and in any and all jurisdictions and in all other countries, including any applications that that claim priority thereof, including any and all divisions, reissues, continuations, conversions, renewals or revivals thereof, the same may be granted, together with all claims for damages and profits by reason of any past infringement of said Letters or Design Patent as fully and entirely as the same would have been held and enjoyed by Assignor had the Assignment and sale not been made.

The Assignor hereby covenants that Assignor has terminated or revoked any prior assignments of the Inventions and presently has full right to convey the entire interest herein assigned, and that Assignor has not executed and will not execute any agreement in conflict herewith, and further promise and agree, upon request, to execute all papers and assignments necessary, expedient and permissible for the procurement of and to convey the entire right, title and interest in and to any Letters or Design Patent in the United States and its territorial possessions, and in any and all jurisdictions, including any and all utility, divisions, reissues, continuations, conversions, renewals, or revivals thereof to said Assignee, its successors, assigns, nominees, or legal representatives; and Assignor further promises and agrees to perform the same, including all rightful acts, and to execute all papers necessary, expedient and permissible in connection with any interference proceeding or legal action that may be declared concerning this Invention or any Letters or Design Patent that may issue therefore in the United States and its territorial possessions, and in any and all jurisdictions and countries, including any and all utility, divisions, reissues, continuations, conversions, renewals or revivals thereof, for the purpose of proving the facts relating to the
