ASSIGNMENT

WHEREAS, we, Edward Mason, Aidan Delaney and Brady J. Riddle (“Assignors”), respectively residing at 33 Marine Parade, Eastbourne, East Sussex BN22 7AY United Kingdom; 116 Victoria Drive, Eastbourne BN20 8LG, United Kingdom; and 534 N 600 E, Logan, Utah 84321, United States, have invented certain new and useful inventions, including the inventions described and claimed in the provisional patent application No. 62/530,058 filed on July 7, 2017 and entitled “Systems and Methods for Position and Pose Determination and Tracking.”

WHEREAS, GameFace Labs Inc. (“Assignee”), a corporation duly organized under the laws of the State of Delaware, and having its offices and place of business at 182 Howard Street, Ste. 758, San Francisco, California 94105, United States, is desirous of acquiring the entire right, title and interest in and to the aforesaid inventions and in and to all applications and Letters Patent therefor granted in the United States of America, and in any and all countries foreign thereto:

NOW, THEREFORE, TO WHOM IT MAY CONCERN, be it known that, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we said Assignors, by these presents do hereby sell, assign and transfer unto said Assignee, its successors, assigns and legal representatives, the full and exclusive right, title and interest for the territory of the United States of America and all countries foreign thereto, and throughout the world and in space, (including the right to apply for Letters Patent in foreign countries in its own name and to claim any priority rights and inventor rights for such foreign applications to which such applications are entitled under international conventions, treaties, or otherwise, and the right to sue for present, past, and future infringement), in and to said inventions or improvements in said inventions and in and to all applications, including the above-identified patent application, and Letters Patent granted therefore or claiming priority therefrom, and all divisions, reissues, continuations, non-provisional patent applications, and extensions thereof. We hereby authorize and request the Commissioner of Patents, and any official whose duty it is to issue patents, to issue all Letters Patent on said inventions or resulting therefrom to said Assignee, or its successors and assigns, as assignee of the entire right, title and interest. We represent and warrant that we have full right to agree to, execute, and deliver this assignment, and that we have not made any agreement in conflict with this assignment. We agree that we will without further consideration, but at the expense of Assignee, communicate to said Assignee, or its successors, assigns, or nominees, any and all facts known to us regarding said inventions whenever requested, and that we will execute all non-provisional, divisional, reissue, continuation and continuation-in-part applications, testify in any legal proceedings, sign all lawful papers, make all rightful oaths, and generally do everything reasonable for said Assignee, its successors, assigns, and nominees, to obtain and enforce proper patent protection for said inventions in all countries.

IN WITNESS WHEREOF, we have hereunto set our hands and seals on the days listed herein.
