ASSIGNMENT

THIS ASSIGNMENT, made by me, **Jon Christopher Beaver**, residing at 17
Oakwilde Drive, Asheville, North Carolina 28803;

WITNESSETH: That,

WHEREAS, I am the sole inventor of certain new and useful improvements in **ISOLATING
BUS ENCLOSURE ARRANGEMENTS FOR SWITCHGEAR**

for which an application has been filed, or is being concurrently filed, in the United
States Patent and Trademark Office. I hereby authorize and request Ward and Smith, P.A., to
insert here in parentheses (Application No. 16/009,447 _____, filed June 15, 2018) the
filing date and application number of said application when known or to file this Assignment
concurrently with the application; and

WHEREAS, **Eaton Intelligent Power Limited**, an Ireland company, having a
principal place of business at 30 Pembroke Road, Dublin 4, Ireland, hereinafter referred to as
assignee, is desirous of acquiring the entire right, title, and interest in and to said invention as
described in said application, and in and to any and all Letters Patent which shall be granted
therefor in the United States of America and all foreign countries;

NOW, THEREFORE, To Whom It May Concern, be it known that for good and
valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I have
sold and by these presents do hereby sell, assign, transfer, and convey unto the said assignee,
its successors and assigns, the entire right, title, and interest in and to the said invention and
application, and in and to any and all continuations, continuations-in-part, or divisions
thereof, and in and to any and all Letters Patent of the United States of America and all
foreign countries or reissues or other forms of protection thereof which may be granted
therefor or thereon, for the full end of the term for which said Letters Patent may be granted
along with any term extensions thereon or therefor, together with the right to claim the
priority of said application in all foreign countries in accordance with the International
Convention, the same to be held and enjoyed by said assignee, its successors and assigns, as
fully and entirely as the same would have been held and enjoyed by me if this assignment and
sale had not been made.

I hereby request that said Letters Patent be issued in accordance with this assignment.

I further covenant and agree that, at the time of the execution and delivery of these presents, I possess full title to the invention and application above-mentioned, and that I have the unencumbered right and authority to make this assignment.

I further covenant and agree to communicate to said assignee or its representatives any facts known to me relating to said invention, to testify in any interference or legal proceedings involving said invention, to execute any additional papers which may be requested to confirm the right of the assignee, its representatives, successors, or assigns to secure patent or similar protection for the said invention in all countries and to vest in the assignee complete title to the said invention and Letters Patent, without further compensation, but at the expense of said assignee, its successors, assigns, and other legal representatives; and I hereby instruct, and further covenant and agree to bind my heirs, legal representatives, and assigns, to do same, without further compensation, but at the expense of said assignee or its representatives.

IN WITNESS WHEREOF, I have hereunto set my hand and seal on this 9th day of July, 2018.
