**ASSIGNMENT**

**Harry Vartanian**, residing at 2001 Hamilton Street, Apt. 908, Philadelphia, PA 19130, a citizen of the United States of America; and **Jaron Jurikson-Rhodes**, residing at 777 South 2nd Street, Philadelphia, PA 19147, a citizen of the United States of America (hereafter the undersigned assignors), are the named inventors of:

U.S. Patent Application No. 13/480,107, filed May 24, 2012 entitled ***APPARATUS AND METHOD TO DETECT A PAPER DOCUMENT USING ONE OR MORE SENSORS*** (hereafter the Patent Application).

**HJ Laboratories, LLC**, a Pennsylvania Limited Liability Company, having a place of business at 777 South 2nd Street, Philadelphia, PA 19147, (hereafter the assignee), is desirous of acquiring the entire right, title and interest in said Patent Application, the inventions disclosed therein, all applications related thereto and all letters patent issued on any such applications.

For \$1 and other good and valuable consideration, the receipt and sufficiency of which are acknowledged, the undersigned assignors, intending to be legally bound, do hereby sell, assign, transfer, and convey to the assignee and assignee's successors, assigns and legal representatives their entire right, title and interest in said Patent Application, the inventions and discoveries disclosed therein and all patent applications thereon, and all divisions, continuations, continuation in parts, request for continuing examinations, substitutions, registrations, and extensions, and in all letters patent, including all reissues and reexaminations thereof, throughout the world, including the right to claim priority under the Paris Convention or other treaty.

The undersigned assignors hereby authorize and request the Commissioner of Patents and Trademarks to issue the patent for the Patent Application, and all resulting patents therefrom, insofar as undersigned assignor's interest is concerned, to the assignee.

For any patent issued from any of the Patent Application, the undersigned assignors hereby give the right to collect any royalties to the assignee.

For any patent issued from the Patent Application, the undersigned assignors hereby give the right to sue for and collect damages for infringement as if the assignee was the owner of the patent application from the date of filing.

The undersigned assignors warrant that the rights and property herein conveyed are free and clear of any encumbrance.

This Assignment or agreement may be executed in multiple counterparts, each of which shall be deemed to be an original of this Assignment. Additionally, we hereby authorize our attorneys to collect the signature pages of each executed counterpart and to attach those signature pages to a single copy of this instrument, which single copy and attached signature pages together shall constitute an original of this Assignment.
