CONFIRMATION OF PATENT ASSIGNMENT

This Confirmation of Patent Assignment is entered into by and between **SAUDI ARAMCO TECHNOLOGIES COMPANY**, a Saudi limited liability company having a place of business at P.O. Box 62, Dhahran 31311, Kingdom of Saudi Arabia ("SAT"), and **NOVOMER, INC.**, a Delaware corporation having a place of business at 200 West Street, Walham, MA 02451 ("Novomer").

WHEREAS, Novomer has an interest in the patent applications and patents listed on Schedule A, attached hereto and a part of this agreement (collectively, the "Patents"), by virtue of assignment from at least one inventor;

WHEREAS, Novomer, SAT, and Aramco Services Company, a Delaware Corporation having a place of business at 9009 West Loop South, P.O. Box 4534, Houston, TX 77210 ("ASC"), entered into an Equity Interest and Asset Purchase Agreement effective October 13, 2016 (the "Purchase Agreement");

WHEREAS, pursuant to Section 1.2 of the Purchase Agreement, Novomer, SAT, and ASC agreed that the whole right, title, and interest in and to the Patents would be sold, conveyed, transferred, assigned, and delivered by Novomer to SAT; and

WHEREAS, Novomer and SAT wish to confirm that Novomer has sold, conveyed, transferred, assigned, and delivered and/or does hereby sell, convey, transfer, assign, and deliver to SAT, Novomer's whole right, title, and interest in and to the Patents.

NOW THEREFORE, pursuant to such Purchase Agreement and in consideration of the terms set forth therein, Novomer hereby confirms that it has sold, conveyed, transferred, assigned, and delivered and/or does hereby sell, convey, transfer, assign, and deliver to SAT, Novomer's whole right, title, and interest, free from all encumbrances, in and throughout the United States of America, its territories, and all foreign countries, in and to the Patents, including any right of priority thereto. This Confirmation of Patent Assignment applies to the Patents, and to any patent application that is based in whole or in part on any claim of priority or any other direct claim of rights from the Patents, including any divisional, continuing, substitute, renewal, reissue, reexamination, and other patent applications, for example that claim priority to the Patents. Also, this Confirmation of Patent Assignment pertains to any and all other rights, privileges, and advantages, including any and all rights to damages, profits, or recoveries of any nature for past infringement of the Patents, arising under or pursuant to any and all international agreements, treaties, or laws relating to the protection of industrial property, including all rights of priority under the International Convention for the Protection of Industrial Property, and in and to any such patent(s) as may issue thereon including any and all original and reissued patents which have been or shall be issued in the United States and foreign countries; said patent applications and patent(s) to be held and enjoyed by SAT for its own use and for each of its successors, assigns, and legal representatives, to the full end of the term for which said patent(s) may be granted as fully and entirely as the same would have been held by Novomer had Novomer and SAT not entered into the Purchase Agreement except for any limitation in term that may result as a direct result of Novomer and SAT entering into the Purchase Agreement.

AND for the same consideration, Novomer hereby covenants and agrees that it will at any time, upon the request and at the expense of SAT but without further compensation (wherein for purposes of clarity the expression of "expense of SAT" includes reasonable reimbursement for personnel cost associated with matters requiring significant participation of Novomer personnel), cooperate with SAT

in the protection of the Patents, including: all lawful acts that may be necessary to perfect the title to the Patents, such as the execution and delivery of formal documents; cooperate with SAT in the prosecution, enforcement or licensing of the Patents, including in any interference, reexamination, or other litigation; and communicate to SAT, its successors and assigns, any facts known respecting the Patents and its history.

AND for the same consideration, Novomer hereby covenants and agrees to and with SAT, their successors, legal representatives and assigns that Novomer will, at the cost and expense of Novomer, sign all papers and documents, take all lawful oaths, and do all acts necessary or required to be done for the recordation of this Confirmation of Patent Assignment to SAT.

AND Novomer hereby requests the Director of the United States Patent and Trademark Office to issue any and all patents of the United States arising from such United States patents and patent applications included in the Patents to SAT, its respective successors, legal representatives, and assigns.
