3. U.S. Non-Provisional Patent Application No. 15/800,482, filed on November 1, 2017, for a new and useful METHOD AND SYSTEM FOR CONVERTING A TONER CARTRIDGE PRINTER TO A SUBLIMATION TONER PRINTER;
4. U.S. Non-Provisional Patent Application No. 15/994,750, filed on May 31, 2018, for a new and useful METHOD AND SYSTEM FOR CONVERTING A TONER CARTRIDGE PRINTER;
5. U.S. Non-Provisional Patent Application No. 15/993,531, filed on May 30, 2018, for a new and useful TONER CARTRIDGE PRINTER SYSTEM AND DEVICE THAT OVER PRINTS AND UNDER PRINTS;
6. U.S. Non-Provisional Patent Application No. 15/993,361, filed on May 30, 2018, for a new and useful METHOD AND SYSTEM FOR CONVERTING A TONER CARTRIDGE PRINTER TO A NON-STANDARD TONER PRINTER; and
7. U.S. Non-Provisional Patent Application No. 15/994,703, filed on May 31, 2018, for a new and useful METHOD FOR CONVERTING A TONER CARTRIDGE TO HAVE A DIFFERENT TONER.

WHEREAS, UI TECHNOLOGIES, INC., a Nevada corporation, having a place of business at 10620 Southern Highlands Parkway, Ste 110-162, Las Vegas, NV 89141 (hereinafter "Assignee"), desires to acquire by formal, recordable assignment, the entire right, title, and interest in and to the invention, the application(s), and any Letters Patent(s) that might be granted for the invention in the United States and throughout the world, including any and all divisional, continuation, continuation-in-part, reexamination or reissue applications.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors have sold, assigned, and transferred, and by these present do hereby sell, assign, and transfer, unto Assignee, the entire right, title, and interest in and to the invention, the application(s), and any Patent(s) that might be granted for the invention in the United States and throughout the world, including the right to file foreign applications directly in the name of

Assignee and to claim for any such foreign Patent applications any priority rights to which such applications are entitled, pursuant to international conventions, treaties, or otherwise, including the right to sue for any and all past infringement(s) of any or all of the foregoing Patent(s).

Further, Assignors agree that, upon request and without further compensation, but at no expense to Assignors, they and their legal representatives and assigns will perform all lawful acts, including the execution of papers and the giving of testimony, that might be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters Patents in the United States and throughout the world for the invention, and for perfecting, recording or maintaining the title of Assignee, its successors and assigns, to the invention, the application(s), and any Letters Patent(s) granted for the invention in the United States and throughout the world. In addition, Assignors do hereby make, constitute, and appoint Assignee, or any officer or agent of Assignee, as Assignors' true and lawful attorney-in-fact, with power of substitution, to enforce every such contract, permit, license, claim, demand, or right, with respect to the Assigned invention, application(s), and any Patent(s) granted for the invention in the United States and throughout the world, and to do any and all things necessary to be done as fully and effectually as Assignors might or could do, and hereby ratify all that said attorney-in-fact shall lawfully do or cause to be done by virtue hereof. This power of attorney shall be irrevocable.

Assignors represent and warrant that they have not granted and will not grant to others any rights inconsistent with the rights granted by this Assignment. Assignors further represent and warrant that they do not know of any improvements to the invention, other than what has been disclosed in the Assigned Patent and/or has been communicated to the patent attorney(s) in prosecuting said Assigned Patent. Assignors have not filed any patent applications relating in any way to the Assigned Patent, other than what has been disclosed in said Assigned Patent, and agree not to do so.

Assignors authorize and request the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patents granted for the invention, whether on the applications or on any subsequently filed division, continuation, continuation-in-part, or reissue application, to Assignee, or its successors or assigns, as the assignee of the entire interest in the invention.

IN WITNESS WHEREOF, and intending to bind themselves, their heirs, and assigns, Assignors have executed this Assignment.
