COMBINED DECLARATION AND ASSIGNMENT

WHEREAS, Alexander dePaz, Mohammed Selim, and Clara Ghandour, the "Assignors," have made the invention described in the United States patent application entitled DISPLAY APPARATUS WITH INTELLIGENT USER INTERFACE, for a full description of which reference is here made to an application for Letters Patent of the United States filed on May 21, 2018 and assigned Application Serial No. 15/985,251;

WHEREAS, Qingdao Hisense Electronics Co., Ltd., a corporation organized and existing under the laws of the Country of China, having a place of business at No. 218, Qianwangang Road, Qingdao Economic & Technology Development Zone, Qingdao, Shandong, Peoples Republic of China, 266555; and Jamdeo Canada Ltd., a corporation organized and existing under the laws of the Country of Canada, having a place of business at 2305 Wycroft Road, Suite 200, Oakville, Ontario L6L 6R2, Canada, the "Assignees," desire to acquire the entire right, title and interest in the invention and the patent application identified above, and all patents which may be obtained for the invention, as set forth below:

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00), and other valuable and legally sufficient consideration, the receipt of which by the Assignors from the Assignees is acknowledged, the Assignors have sold, assigned and transferred, and by these presents sell, assign and transfer to the Assignees, the entire right, title and interest for the United States in the invention and the patent application identified above, and any patents that may issue for the invention in the United States; with the entire right, title and interest in the invention and all patent applications and patents issuing therefrom in all countries foreign to the United States, including the full right to claim for any such application all benefits and priority rights under any applicable convention; with the entire right, title and interest in all continuations, divisions, renewals and extensions of any of the patent applications and patents defined above; with the right to recover all damages, including, but not limited to, a reasonable royalty, by

reason of past, present, or future infringement or any other violation of patent or patent application rights; to have hold for the sole and exclusive use and benefit of the Assignees, their successors and assigns, to the full end of the term or terms for all such patents.

The Assignors covenant and agree, for both the Assignors and the Assignors' legal representatives, that the Assignors will assist the Assignees in the prosecution of the patent application identified above; in the making and prosecution of any other patent applications that the Assignees may elect to make covering the invention identified above; in vesting in the Assignees exclusive title in all such other patent applications and patents; and that the Assignors will execute and deliver to the Assignees all additional papers which may be requested by the Assignees to carry out the terms of this Assignment.

The Commissioner of Patents and Trademarks is authorized and requested to issue patents to the Assignees under the terms of this Assignment.

IN TESTIMONY WHEREOF, the Assignors have executed this agreement.

DECLARATION

As a below-named inventor, I hereby declare that:

This Declaration is directed to the above-identified patent application. I have reviewed and understand the contents of the above-identified patent application including the claims and I believe that I am the original inventor or an original joint inventor of a claimed invention in the above-identified patent application. The above-identified patent application was made or authorized to be made by me.

I acknowledge my duty to disclose to the United States Patent and Trademark Office all information that I know to be material to the patentability of this application as defined in 37 C.F.R. §1.56, including for continuation-in-part applications, material information which became available between the filing date of the prior application and the national or PCT international filing date of the continuation-in-part application.

I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. §1001 by fine or imprisonment of not more than five (5) years, or both.

Further, I hereby declare that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. § 1001 and that such willful false statements may jeopardize the validity of the application and any patent issued thereon.
