PATENT ASSIGNMENT

WHEREAS,

Stephen Brown, a citizen of the United States of America, whose post office address is Blk 76 Dakota Crescent, 02-11 Dakota Waterbank, Singapore 399944 (hereinafter referred to as "ASSIGNOR"), as joint inventor with Josselyn Boudett, Vijeta Avijeet and Martin Reber, has invented a new invention for "OMNICHANNEL, INTELLIGENT, PROACTIVE VIRTUAL AGENT", for which a nonprovisional application for United States Letters Patent, filed on July 31, 2018, as U.S. Patent Application No. 16/050,181, and for which a Patent Cooperation Treaty application, filed on July 31, 2018, as PCT Patent Application No. PCT/US18/44560; and

7/31/18 NN

WHEREAS,

ASSIGNOR has entered into an employment agreement with Telepathy Labs Pte. Ltd. (UEN:201712774N), a limited liability company existing under the laws of Singapore, having its principal place of business at 2 Havelock Road #04-13, Singapore 059763 (hereinafter referred to as "ASSIGNEE"), obligating ASSIGNOR to assign to ASSIGNEE ASSIGNOR's entire right, title and interest in, to and under the said inventions, all improvements thereto, the said applications and any and all patents issued thereon throughout the world; and

WHEREAS,

ASSIGNEE wishes to acquire ASSIGNOR's entire right, title and interest in, to and under the said inventions and all improvements thereto and the said applications;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, ASSIGNOR has sold, assigned, transferred and set over, and by these presents does hereby confirm ASSIGNOR'S previous agreement to sell, assign, transfer and set over, unto ASSIGNEE, its successors, assigns and legal representatives, the entire right, title and interest in, to and under said inventions and all improvements and embodiments thereto and said United States provisional applications and said application for United States Letters Patent and said Patent Cooperation Treaty application, as the case may be, and said inventions in all applications based in whole or in part on the aforementioned patent applications, and said inventions in all applications claiming priority thereto or converted therefrom, and all divisions, renewals, continuations and continuations-in-part thereof and any supplemental provisional applications, and all Patents of the United States which may be granted thereon and all reissues, reexaminations and extensions thereof; and all applications for industrial property protection including, without limitation, all applications for patents, utility models, and designs which may hereafter be filed for said inventions in any country or countries other than the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from said United States application under the Patent Laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the

country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models, inventors' certificates and designs which may be granted for said inventions in any country or countries foreign to the United States and all extensions, renewals and reissues thereof (all of the foregoing being hereinafter collectively referred to as the "Patent Rights"), the same to be held and enjoyed by ASSIGNEE for its own use and enjoyment and for the use and enjoyment of its successors, assigns and legal representatives, to the end of the term or terms for which the Patent Rights are granted, reissued, or extended, as fully and entirely as the same would have been held and enjoyed by ASSIGNOR if this assignment had not been made, together with all claims for damages by reason of past, present or future infringement of the Patent Rights, with the right to sue for and collect the same in the sole name of ASSIGNEE or its successors, assigns, or legal representatives, for ASSIGNEE's own use and enjoyment, and for the use and enjoyment of ASSIGNEE successors, assigns and legal representatives. ASSIGNOR hereby authorize and requests the Commissioner of Patents and Trademarks of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents or other evidence or forms of industrial property protection on applications as aforesaid, to issue the same to ASSIGNEE, its successors, assigns and legal representatives, in accordance with the terms of this instrument;

ASSIGNOR hereby covenants and agrees that ASSIGNOR has full right to convey the entire right, title and interest herein assigned, that such right, title and interest is unencumbered, and that ASSIGNOR has not executed, and will not execute, any agreement in conflict herewith; ASSIGNOR further agrees to execute any and all powers of attorney, applications, assignments, declarations, affidavits and any other papers in connection therewith necessary to perfect such rights, title and interest in ASSIGNEE, its successors, assigns and legal representatives; ASSIGNOR further covenants and agrees that ASSIGNOR will communicate to ASSIGNEE, its successors, assigns and legal representatives, any facts known to us respecting said inventions, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing, reissue, reexamination, foreign applications, other such Letters Patent, make all rightful oaths, and generally do everything possible to aid ASSIGNEE or, its successors, assigns and legal representatives, to obtain and enforce proper protection for said inventions in all countries;
