INVENTOR'S ACKNOWLEDGEMENT  
AND  
CONFIRMATORY PATENT ASSIGNMENT

This Agreement is made the 26 day of May 2016

BY AND BETWEEN

Valon LLABJANI ("the Inventor") of c/o ReVivoCell Limited, 16 Gressingham Drive, Lancaster LA1 4RF, United Kingdom of the first part; and

ReVivoCell Limited ("the Assignee") a company registered in England under the number 09444997 whose registered office is at 16 Gressingham Drive, Lancaster LA1 4RF, United Kingdom of the second part

WHEREAS

- A. The Inventor is the actual deviser of the invention ("the Invention") described in UK Application 1602146.1 (the "Patent Application") which was filed on 5 February 2016.
- B. The Invention was made by the Inventor in the course of his employment with the Assignee.
- C. The parties to this assignment desire to confirm that all right and title and interest in and to the Patent Application and to the Invention are to be vested in the Assignee.

NOW THEREFORE IT IS AGREED as follows:

- 1. The Inventor hereby ACKNOWLEDGES that the Invention arose in the course of his normal duties and the circumstances were such that an invention might reasonably have been expected to result from the carrying out of his duties, and that therefore as between the Inventor and the Assignee all the rights to the Invention belong to the Assignee by virtue of Section 39(1) of the Patents Act 1977.
- 2. In the event that notwithstanding the foregoing any rights in and to the Patent Application or the Invention remain vested in the Inventor, the Inventor AGREES that he will, at the request and expense of the Assignee and in consideration of the sum of one pound

sterling (£1) ASSIGN to the Assignee with full title guarantee all of his right title and interest in and to the Patent Application and the Invention for all countries of the world, including without limitation the United Kingdom and all countries of the Patent Cooperation Treaty, including the right to file applications for and obtain corresponding protection in any and all countries of the world and to claim priority from the Application, together with any and all divisional, continuation, continuation-in-part, reissue applications and the like, and the Inventor hereby CONSENTS to the filing of any and all applications in respect of said Invention in the name of the Assignee.

3. The Inventor hereby covenants and agrees to do all such things and to execute without further consideration such documents as may be reasonably required to file and prosecute applications for protection of the Invention in such countries as shall be determined by the Assignee, and at the expense of the Assignee to give all reasonable assistance in obtaining and enforcing any such protection.

IN WITNESS whereof the parties hereto have executed this Agreement

Valon LLABJANI
