Nagaoka-shi, Niigata, 940-8580, Japan hereinafter referred to as "assignee", is  
desirous of acquiring all right, title, and interest throughout the world in, to, and under  
said improvements and inventions and patent rights therefor.

NOW, THEREFORE, be it known that, for valuable consideration, the receipt and  
sufficiency of which are hereby acknowledged, all right, title, and interest, in the United  
States and throughout the world, in, to and under said improvements and inventions  
and all patents, patent applications, patent rights, and inventor's certificates thereof,  
therefor, and therein, including without limitation said application for patent in the United  
States, all divisions and continuations thereof, all patents which may be granted  
thereon, all reissues and extensions thereof, all right to sue for past infringement  
thereunder, all patents which may be granted for said improvements and inventions by  
states or nations other than the United States, or by other authority, entity, or  
organization, and all applications therefor, have been and are hereby sold, assigned,  
transferred, and delivered unto assignee, its successors and assigns; and it is  
covenanted and agreed by the undersigned, and for executors, administrators, and  
legal representatives of the undersigned, that at assignee's request any and all  
applications, affidavits, assignments, and other instruments will be made, executed,  
and delivered as may be necessary, or desirable to secure for or vest in assignee, its  
successors or assigns, any improvement, inventions, right, title, interest, application,  
patent, patent right or other right or property covered by this assignment, and the  
United States Commissioner of Patents and Trademarks is hereby requested and  
authorized to issue any and all United States patents granted on any of said  
applications to assignee as owner of the entire right, title, and interest in, to, and under  
the same, and appropriately empowered officials of foreign countries are hereby  
authorized to issue any letters patent granted on any of said applications to assignee as  
owner of the entire right, title and interest in, to, and under the same.

The undersigned hereby grants the firm of Rankin, Hill & Clark LLP the power to insert  
on this assignment any further identification which may be necessary or desirable in  
order to comply with the rules of the United States Patent and Trademark Office for
