PATENT

REEL: 046667 FRAME: 0434

ASSIGNMENT

WHEREAS I, **Dean Y. Maeda**, citizen of the **United States of America**, residing at **Seattle, Washington**, ("ASSIGNOR") am an inventor of one or more inventions disclosed, described and/or claimed in U.S. Application Serial No. 15/903,503, filed February 23, 2018, and entitled **METHOD FOR TREATING CANCER USING CHEMOKINE ANTAGONISTS** ("the subject application");

AND WHEREAS **Syntrix Biosystems Inc.** ("ASSIGNEE") having a place of business at **215 Clay Street NW, Suite B-5, Auburn, Washington 98001**, is desirous of obtaining my entire right, title, and interest in, to, and under the invention;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, the ASSIGNOR, hereby sell, assign, transfer, and set over, unto the ASSIGNEE, its successors, legal representatives, and assigns, my entire right, title, and interest in, to, and under the invention, and all applications for industrial property protection, including without limitation, all applications for patents, utility models, inventors' certificates, and designs that have been filed, and that may hereafter be filed, in any country, that disclose, describe, and/or claim the invention, including, without limitation, the subject application and the priority application, and all extensions, renewals, and reissues of such applications, including all divisions and continuations in whole or in part; all patents granted on such applications in any country, and all extensions, renewals, and reissues of such patents, including all divisions and continuations in whole or in part; the right to file such applications in any country; and the right to claim for such applications in any country the priority rights derived from the priority application and the subject application under the International Convention for the Protection of Industrial Property, the Patent Laws of the United States, any other international agreement or protection, or the domestic laws of any country in which any such application is filed, as may be applicable;

AND I HEREBY covenant and agree that I have full right to convey my entire interest herein assigned, and that I have not executed, and will not execute, any agreement in conflict herewith;

AND I HEREBY further covenant and agree that I will communicate to the ASSIGNEE, its successors, legal representatives, and assigns, any facts known to me respecting the invention; that I will testify in any legal proceeding; that I will sign or execute all lawful papers, disclaimers, and divisional, continuing, reissue, and foreign applications, and review all documentation as necessary prior to signing; that I will make all rightful oaths; that I will deliver upon request all papers, documents, affidavits, or other instruments that may be necessary or helpful in the prosecution of any application for industrial property protection describing and/or claiming the invention; and that I will generally do everything possible to aid the ASSIGNEE, its successors, legal representatives, and assigns, to obtain and enforce proper protection for the invention in all countries.

I authorize and direct any of the attorneys responsible for prosecuting the subject application on behalf of the ASSIGNEE to insert the application number and filing date of the subject application in the first paragraph of this assignment.

IN TESTIMONY WHEREOF, I have signed my name below on the date indicated above my signature.

Executed this 21st day of August, year of 2018.
