ASSIGNMENT

For valuable consideration, I, Tamas Liszkai, of Corvallis, Oregon, hereby assign to NUSCALE POWER, LLC, a corporation of Oregon, having a place of business at 1100 NE. Circle Blvd., Suite 350, Corvallis, OR 97330, and its successors and assigns (collectively hereinafter called "the Assignee"), the entire right, title and interest throughout the world in the inventions and improvements which are subject of a provisional application for United States Patent signed by me, entitled MANAGING SEISMIC FORCES ON A NUCLEAR REACTOR SYSTEM, filed 12/31/2013, and assigned U.S. Serial Number 61/922,541, and I authorize and request the attorneys appointed in said application to hereafter complete this assignment by inserting above the filing date and serial number of said application when known; this assignment including said application, any and all United States and foreign patents, utility models, and design registrations granted for any of said inventions or improvements, and the right to claim priority based on the filing date of said application under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes; and I authorize the Assignee to apply in all countries in my name or in its own name for patents, utility models, design registrations and like rights of exclusion and for inventors' certificates for said inventions and improvements; and I agree for me and my respective heirs, legal representatives and assigns, without further compensation to perform such lawful acts and to sign such further applications, assignments, Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully this assignment.
