Assignment

Whereas I, Frederic Joseph Santarelli, with an address of c/o Geomec Engineering AS, Postbox 8034 Ipark, 4068 Stavanger, Norway, hereinafter referred to as Applicant, have invented certain new and useful improvements in apparatus and method(s) related to Thermally Induced Low Flow Rate Fracturing; and on November 14, 2017 filed an application for Letters Patent of the United States of America, assigned SN 15/573997;

Whereas, Geomec Engineering Ltd., c/o Hill Dickinson LLP, The Broadgate Tower (8th Floor), 20 Primrose Street, London, Greater London EC2A 2EW, United Kingdom, herein referred to as Assignee, desires to acquire all of Applicant's rights, title and interest in said invention and said United States patent application SN 15/573997, in any other United States patent application(s) thereon, and other rights as described herein;

Therefore, in consideration of the sum of one dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is acknowledged, I, Applicant, by these presents do sell, assign and transfer unto Assignee all of my rights to said invention(s) in the United States, and all of my rights, title and interest in and to said application SN 15/573997, and any and all other United States patent applications on said invention, including but not limited to continuation, continuation-in-part or reissue applications, and including all rights of priority associated therewith, and to any and all patents which may be granted on any of said applications in the United States. I hereby authorize and request the Commissioner of Patents and Trademarks to issue any of said United States Patents to Assignee, of Applicant's entire right, title and interest in and to the same, for Assignee's sole use and benefit; and for the use and benefit of its legal representatives, to the full end of the term for which any of said patents may be granted, as fully and entirely as the same would have been held by me had this assignment and sale not been made. I agree to take such further action and to execute such further documents, including but not limited to assignments, declarations, and/or powers of attorney, as are reasonably necessary to fully vest Assignee with the rights described herein and intended to be conveyed hereby.

Executed this 14 day of November, 2017, at Stavanger, Norway.
