ASSIGNMENT

WHEREAS I/We, the below named inventors and/or applicants [hereinafter referred to as Inventor-Assignors], have made an invention entitled:

SYSTEM AND METHOD FOR THREAT MONITORING, DETECTION, AND RESPONSE

for which I/We filed applications for United States (U.S.) and non-U.S. (foreign) patents, namely U.S. Provisional Application No. 62/501,881 on 5 May 2017; U.S. Provisional Application No. 62/516,407 on 7 June 2017; U.S. Provisional Application No. 62/543,490 on 10 August 2017; PCT Application No. PCT/US18/031121 on 4 May 2018; and U.S. Application No. 15/956,456 on 18 April 2018;

WHEREAS one or more of the Inventor-Assignors is or has been employed by and is obligated to assign and has assigned all rights to this invention and the above-identified patent applications to TG-17 (Israel) Ltd., a company registered (reg. no. 515649051) under the laws of Israel with offices at Yigal Alon 94, Israel [hereinafter referred to as Company-Assignor];

WHEREAS Company-Assignor is a wholly owned subsidiary of and is obligated to and has assigned all rights in this invention and the above-identified patent applications to its parent company TG-17, Inc., identified below;

WHEREAS one or more of the Inventor-Assignors is obligated to assign and has assigned all rights to this invention and the above-identified patent applications to TG-17, Inc. (previously TG-17, LLC), a company organized under the laws of the State of Delaware and having offices at One Marina Park Drive, Suite 900, Boston, MA 02210 [hereinafter referred to as Assignee];

WHEREAS the Inventor-Assignors and the Company-Assignor [hereinafter collectively referred to as Assignors], have not transferred or otherwise assigned any rights in this invention or the above-identified patent applications to any entity other than as described above and wish to confirm their assignment of all rights to the Assignee;

NOW THEREFORE, be it known that for good and valuable consideration the receipt of which from Assignee is hereby acknowledged, I/We,

- the Inventor-Assignor Doron Kempel has sold, assigned, transferred, and set over, and do hereby sell, assign, transfer, and set over unto the Assignee, its lawful successors and assigns,
- the Inventor-Assignor Ron Asher has sold, assigned, transferred, and set over, and do hereby sell, assign, transfer, and set over unto the Company-Assignor, its lawful successors and assigns, and
- the Company Assignor TG-17 (Israel) Ltd. has sold, assigned, transferred, and set over, and does hereby sell, assign, transfer, and set over unto the Assignee, its lawful successors and assigns,

our entire right, title, and interest in and to all inventions described or disclosed in the above-identified patent applications, namely U.S. Application Nos. 62/501,881 filed 5 May 2017, 62/516,407 filed 7 June 2017, 62/543,490 filed 10 August 2017, PCT Application No. PCT/US18/031121 filed 4 May 2018, and

U.S. Application No. 15/956,456 filed 18 April 2018, and in all non-provisional and other applications corresponding or claiming priority to said applications, including all divisions, continuations and continuations-in-part thereof, and all patents of the United States and/or foreign countries throughout the world which may be granted thereon, and all reissues, renewals, extensions and re-examinations thereof, as well as all rights to claim priority on the basis of these applications and all non-provisionals claiming priority to these applications, and all applications for patents which may hereafter be filed for this invention in any country and all patents which may be granted on this invention in any country, and all extensions, renewals, re-exams and reissues of all said applications; and I/We hereby authorize and request the Commissioner of Patents and Trademarks of the United States and any official of any foreign country whose duty it is to issue patents on all provisional and non-provisional applications as described above, to issue all patents for this invention to Assignee, its successors and assigns, in accordance with the terms of this Assignment;

AND, I/WE HEREBY covenant that I/We have the full right to convey the interest assigned by this Assignment, and I/We have not executed and will not execute any agreement in conflict with this Assignment;

AND, I/WE HEREBY further covenant and agree that I/We will, without further consideration, communicate with Assignee, its successors and assigns, any facts known to me/us respecting this invention, assist in the filing and prosecution of patent applications, and testify in any legal proceeding, sign all lawful papers when called upon to do so relating to this invention, execute and deliver any and all papers that may be necessary or desirable to perfect the title to this invention and the applications in said Assignee, its successors or assigns, execute and, make all rightful oaths in furtherance of the filing and prosecution of all of the aforesaid applications, and generally do everything possible to aid Assignee, its successors and assigns, to obtain and enforce proper patent protection for this invention in the United States and all countries throughout the world.

IN TESTIMONY WHEREOF, I/We have hereunto set our hands.
