ASSIGNMENT

WHEREAS, Planet OS Acquisition Sub Corp, a Corporation organized under the laws of the state of Delaware (hereinafter "Assignor") owns the entire right, title, and interest in the inventions and trademarks disclosed on Schedule A attached hereto; and

WHEREAS, Intertrust Technologies Corporation, a Corporation organized and existing under the laws of the state of California, located at 920 Stewart Drive, Sunnyvale, California 94085 (hereinafter "Assignee"), is desirous of acquiring the entire right, title, and interest in the same;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency whereof is hereby acknowledged, said Assignor hereby grants and assigns unto said Assignee the entire right, title, and interest in said trademarks and in all trademark applications based thereon, and inventions and in all patent applications based thereon, including but not limited to the above-identified United States Patent Application and all non-provisionals, divisions, continuations, and continuations-in-part of said application, or reissues or extensions of Letters Patent or Patents granted thereon, and in all corresponding applications filed in countries foreign to the United States and in all patents issuing thereon in the United States and foreign countries; the right, power, and authority to file and prosecute U.S. and foreign patent applications on said invention, and to do so in its own name wherever such right may be legally exercised, and including the right to claim the priority and benefits of the International Convention for such applications; and the right to bring actions for infringement of any right in said invention in its own name, including past infringement in any jurisdiction.

The United States Commissioner of Patents and Trademarks, and such Patent Office officials in foreign countries as are duly authorized by their patent laws to issue patents, are

authorized and requested to issue any and all Letters Patents on said invention to said Assignee as the owner of the entire interest, for the sole use and benefit of said Assignee, its successors, assigns and legal representatives, to the full end of the term for which said Letters Patent may be granted, as fully and entirely as the same would have been held by the Assignor had this Assignment and sale not been made.

This assignment and agreement shall be binding upon heirs and legal representatives.

DATED this 28 day of August, 2018.
