Filed: December 19, 2011

Title: METHODS AND APPARATUS TO DETERMINE MEDIA IMPRESSIONS USING DISTRIBUTED DEMOGRAPHIC INFORMATION

For good and valuable consideration, the receipt and sufficiency whereof are hereby acknowledged, the undersigned assignor(s) hereby assign to The Nielsen Company (US), LLC, a Delaware Limited Liability Company, 150 North Martingale Road, Schaumburg, Illinois, 60173; (hereinafter "Assignees"), its successors and assigns, the entire right, title and interest in the inventions or improvements of the undersigned disclosed in an application for Letters Patent of the United States (which may be a Patent Cooperation Treaty International application designating the United States) and in said application and any and all other applications, United States, international and/or foreign, which the undersigned assignor(s) or the Assignee(s) may file, either solely or jointly with others, on said invention or improvements, and in any and all Letters Patent of the United States and/or foreign countries, which may be obtained on any of said applications, and in any reissue or extension thereof. This confirmatory assignment clarifies that the prior assignment for U.S. Provisional Application No. 61/424,952 also conveyed the right to claim priority to U.S. Provisional Application No. 61/424,952 in any filings in any country. This assignment includes all rights associated with said application including without limitation, all patent right(s) in any and all countries and all right(s) to claim priority to and/or from said application in any and all countries. No rights whatsoever are reserved to the undersigned assignor(s) but instead all rights are hereby transferred to the Assignee. This assignment is governed by the Law of the State of Illinois, United States of America.

The undersigned assignor(s) hereby authorizes and requests the Commissioner of Patents and Trademarks to issue said Letters Patent to said assignee.

The undersigned assignor(s) hereby authorizes and requests the attorneys of record in said application to insert in this assignment the execution date and/or filing date and serial number of any such application(s) when officially known.

The undersigned assignor(s) warrants himself/herself to be the owner of the interest herein assigned and to have the right to make this assignment and further warrants that there are no outstanding prior assignments, licenses, or other rights in the interest herein assigned.

For said consideration the undersigned assignor(s) hereby agrees, upon the request and at the expense of said assignee, its successors and assigns, to execute any and all international, divisional, continuation, continuation-in-part and substitute applications for said invention or improvements, and any necessary oath or affidavit relating thereto, and any application for the reissue or extension of any Letters Patent that may be granted upon said
application, and any and all applications and other documents for Letters Patent in foreign
countries on said invention or improvements, that said assignee, its successors or assigns, may
deem necessary or expedient, and for said consideration the undersigned assignor(s) further
agrees upon the request of said assignee, its successors or assigns, in the event of any
application or Letters Patent assigned herein becoming involved in Interference, to cooperate
to the best of the ability of the undersigned assignor(s) with said assignee, its successors or
assigns, in the matters of preparing and executing the preliminary statement and giving and
producing evidence in support thereof, the undersigned assignor(s) hereby agreeing to
perform, upon request, any and all affirmative acts to obtain said Letters Patent, both United
States and foreign, and vest all rights therein hereby conveyed in said assignee, its successors
and assigns, whereby said Letters Patent will be held and enjoyed by said assignee, its
successors and assigns, to the full end of the term for which said Letters Patent may be granted
as fully and entirely as the same would have been held and enjoyed by the undersigned if this
assignment and sale had not been made.
