## ASSIGNMENT

WHEREAS, ASHKAN BABAIE ("Assignor"), a citizen of Iran and resident of Canada, having a mailing address of 1101-918 Cooperage Way, Vancouver, British Columbia, Canada V6B 0A7 has created and invented, in the course of Assignor's employment with Acuva Technologies Inc., a certain industrial design titled WATER DISINFECTION UNIT for which an industrial design application has been filed in Canada as Canadian Industrial Design Application No. 177518 on October 3, 2017, including the variations of the industrial design set out in Schedule "A" attached hereto (collectively, the "Design");

AND WHEREAS, Assignor assigned, conveyed and transferred all right, title and interest throughout the world in and to the Design, including the intellectual property rights therein, to ACUVA TECHNOLOGIES INC., ("Assignee") a company having a mailing address of Suite 162-2366 Main Mall, Vancouver, British Columbia, Canada V6T 1Z4, all pursuant to Assignor's employment agreement with the Assignee;

AND WHEREAS, it is desired to confirm the foregoing assignment and provide evidence thereof including for recordal purposes as may be expedient;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby confirmed, Assignor agrees and covenants as follows:

(1) Assignor does hereby confirm having sold, assigned, transferred and set over to, and does hereby sell, assign, transfer and set over to, Assignee the entire right, title and interest throughout the world in and to: (a) the Design; (b) all improvements and advancements relating to the Design conceived and/or created by Assignor at any time; (c) all industrial design and/or patent applications and registrations relating to any of the foregoing, including all divisionals, continuations, continuations-in-part, renewals and/or reissues of and/or relating to any of the foregoing in the United States of America, Canada, Europe, Japan, China, Hong Kong, Taiwan, India, South Korea, Singapore, the Philippines and/or any and all other countries and regions throughout the world; (d) all rights to file any of the foregoing applications; (e) all rights arising under any and all intellectual property treaties throughout the world in relation to any of the foregoing and all rights of priority and priority claims resulting from or related to any of the foregoing; (f) all registrations (whether industrial design registrations, design patent registrations or otherwise) issuing on and/or from any of the foregoing; and (g) all rights to sue for and recover damages, including royalties, for any past, present or future infringement of any foregoing patent application or patent; (collectively hereinafter the "Assigned Design Rights");

(2) Assignor will, at the request and expense of (but at no charge of or reimbursement from) Assignee or its successors, assigns or nominees (as the case may be), promptly (i) assist with, execute and deliver all such papers as may be necessary or desirable to secure, preserve, protect and/or perfect any and all right, title and interest in and to the Assigned Design Rights, including applications, declarations, verifications, responses, submissions, assignments and/or any further documents relating to the Assigned Design Rights or any part thereof, in Assignee, its successors, assigns, nominees or legal representatives (as the case may be); and (ii) communicate all known facts respecting the Assigned Design Rights, make all lawful oaths, testify in any legal proceedings and do all such other things, as may be requested by Assignee, its successors, assigns, nominees or legal representatives (as the case may be) from time to time and at any time, to enable Assignee, its successors, assigns, nominees or

legal representatives (as the case may be) to secure, preserve, protect, perfect, enforce and/or defend any and all of the Assigned Design Rights;

(3) This Assignment is made effective as of October 3, 2017.
