**PATENT ASSIGNMENT**

For purposes of this assignment, Ali Mesgarani, having an address at 952 S San Tomas Aquino Rd  
Campbell, CA 95008 will hereafter be referred to as "Assignor."

For purposes of this assignment, Forza Silicon Corporation, having its corporate headquarters at 2947 Bradley Street, Suite 130, Pasadena CA 91107, will hereafter be referred to as "Assignee."

For purposes of this agreement:

United States Patent Number 9,521,342, entitled "Amplifier Sharing Technique for Low Power Charge Mode Readout in CMOS Image Sensors," issued December 13, 2016 (Docket Number FORZ010NP)

will hereafter be referred to as the "Patent Rights."

For good and valuable consideration, the receipt of which is hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee, and the successors, assigns and legal representatives of the Assignee all (100%) of Assignor's right, title and interest for the United States and its territorial possessions and in all foreign countries in and to:

the inventions disclosed and claimed in the Patent Rights, any and all improvements to such inventions;

the Patent Rights, as well as any legal equivalent thereof in a foreign country, including the right to claim priority to the Patent Rights, and, in and to any continuation, division, continuation-in-part, extension, conversion to 35 USC 111(a) or substitute of the Patent Rights, and in and to any and all patents issuing from the Patent Rights, including reissues, reexaminations or extensions of such issued patents; and

all rights in the Patent Rights and inventions (including improvements thereto) disclosed in the Patent Rights under all international conventions for the protection of industrial property.

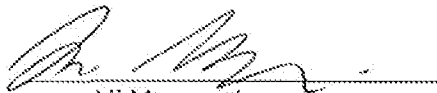

Assignor hereby agrees that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this assignment.

Assignor further agrees to: (a) cooperate with Assignee in the prosecution of the Patent Rights and foreign counterparts; (b) execute, verify, acknowledge and deliver all such further papers required for prosecution of the Patent Rights and applications or patents based thereon; and (c) perform such other acts as Assignor lawfully may request to obtain or maintain the Patent Rights and applications or patents based thereon in any and all countries.

Assignor authorizes the United States Patent and Trademark Office to issue any patents resulting from the Patent Rights, and any reissue, reexamination, or extension thereof to Assignee

Executed this 16 day of September, 2018

Signature of Assignor

  
Ali Mesgarani
