Confirmatory Patent Assignment

WHEREAS, Oxford Performance Materials, Inc., a corporation, organized and existing under the laws of the state of Delaware, having its principal place of business at 30 South Satellite Road; South Windsor, CT 06074 (hereinafter referred to as ASSIGNOR), is the owner of the patents listed on the attached Exhibit A (the "PATENTS");

WHEREAS, Hexcel Corporation, a corporation, organized and existing under the laws of the state of Delaware, having its principal place of business at Two Stamford Plaza, 281 Tresser Boulevard; Stamford, CT 06901, together with its successors and assigns (the "ASSIGNEE"), is desirous of acquiring the entire right, title and interest to the PATENTS;

WHEREAS, ASSIGNEE is desirous of recording its ownership of the entire right, title and interest to the PATENTS at the U.S. Patent Office, and all other Patent Offices around the work as may be appropriate;

WHEREAS, each Party is duly authorized and capable of entering into this Assignment.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, ASSIGNOR assigns, grants, transfers, and confirms the conveyance, assignment and transfer to ASSIGNEE all right, title and interest, worldwide, in and to the PATENTS, along with any continuations, substitutions, divisions, reissues, modifications and extensions of the PATENTS, including all rights to sue for past, present or future infringement, misappropriation, unfair competition, or other violation of the foregoing, and all rights to recover damages or lost profits in connection therewith, and all rights corresponding thereto.
