This Assignment of Invention Agreement is being entered and executed effective this 7th day of November 2017 by and between:

Assignor: CABLICONs, LLC of ; and

Assignee: AXCEL ELECTRONICS Thailand Co. Ltd. of 45/3 Moo4, T. Tonmanuang, A. Meung, Phetchaburi 76000 Thailand. ("Assignment Agreement")

RECITALS

Whereas, Assignor is the owner certain U.S., international, and foreign patents and/or patent applications listed in the attached Patent Property Schedule. The patents and patent applications listed in the Patent Property Schedule and the disclosed inventions therein are collectively referred to as "the Patent Assets";

Whereas, Assignor desires to assign and transfer ownership and associated legal rights pertaining to the right, the Patent Assets to **Assignee**; and

Whereas, Assignee desires to receive the transfer and assignment of the Patent Assets from **Assignor** and obtain all worldwide ownership of, and all legal rights pertaining to, the Patent Assets from **Assignor**.

NOW, THEREFORE, in consideration of the foregoing premises, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

1. **Assignor** does hereby assign and transfer to **Assignee** all of the worldwide right title and interest in the Patent Assets including all of the following :

(a) **Assignor's** entire worldwide right, title, and interest in and to the inventions described and/or claimed in the Patent Assets, and all improvements to those inventions, including legal rights in the U.S. and around the world;

(b) **Assignor's** entire worldwide, right to file patent applications on the inventions described and/or claimed in the Patent Assets, and all improvements to those inventions, in the U.S., through any international convention or treaty, and in any and all foreign jurisdictions;

(c) **Assignor's** entire worldwide right, title, and interest in and to: (i) any and all patents, reissues, reexamination certificates, or the like that may be granted on one or more of the Patent Assets; (ii) any and all later filed patent applications claiming priority to any of the Patent Assets, including utility and non-provisional applications, continuations, divisions, continuations-in-part, substitutes,

extensions, and the like; (iii) any and all priority rights, foreign and domestic, resulting from any of the Patent Assets; and

(d) all enforcement rights, foreign and domestic, that arise from the assigned rights in the Patent assets and all related inventions.

2. **Assignor** will execute and deliver to **Assignee** or its legal representatives any and all assets, documents, Instruments, or affidavits required to apply for, obtain, maintain, issue, and/or enforce assigned rights in the Patent Assets and all ownership of the Patent Assets.

3. **Assignor** will provide **Assignee**, at its request, with pertinent facts that are known or accessible, relating to the Patent Assets themselves and the inventions described in the patent assets, and will provide representatives to testify and cooperate as to the same in any interference, litigation, or proceeding related thereto.

4. **Assignor** represents and warrants and covenants that no assignment, sale, agreement, or encumbrance has been or will be made or entered into with respect to the Patent Assets or which would conflict with this Assignment. **Assignor** represents and warrants that it has authority to enter into this Assignment Agreement.

5. **Assignor** authorizes all officials of any jurisdiction whose duty it is to issue patents in the Patent Assets patents assigned herein in the name of **Assignee**.

6. **Assignor** and **Assignee** acknowledge receiving good and valuable consideration.

7. This Assignment Agreement is considered entered into in the State of Florida and governed by the laws of Florida.
