COMBINATION INVENTOR DECLARATION (37 CFR §1.63)
AND PATENT ASSIGNMENT

Title:

**ANTI-TNF-ALPHA-ANTIBODIES AND
FUNCTIONAL FRAGMENTS THEREOF**

This declaration is directed to:

___ the attached application OR

___ the U.S. Application Serial No. _____ filed on _____ as amended on _____ (if applicable); OR

XX the invention claimed and described in a PCT application No. PCT/EP2017/056237 filed on March 16, 2017 and designating the United States.

I, one of the listed undersigned hereinafter referred to herein collectively as "Inventor(s)", declare that:

The above-identified application was made or authorized to be made by me.

I believe that I am an original joint inventor of a claimed invention in the above-identified application

I assert that all statements made herein of my own knowledge are true, all statements made herein on information and belief are believed to be true. I further hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

FURTHERMORE,
WHEREAS,

**Tillotts Pharma AG
Baslerstrasse 15
4310 Rheinfelden
SWITZERLAND**

hereinafter interchangeable referred to herein as "Applicant" or "Assignee", is desirous of acquiring the entire right, title and interest in and to said invention and in and to any and all Letters Patent of the United States which may be obtained therefor;

NOW, THEREFORE, for good and valuable consideration, the receipt for and sufficiency of which is hereby acknowledged, I do hereby sell, assign, transfer and set over unto Assignee, its legal representatives, successors, and assigns, the entire right, title and interest in and to said invention as set forth in the above-mentioned application and any modifications and/or improvements therefor (hereinafter "invention"), any patent applications in the United States and any original applications, formal applications, continuation applications, continuations-in-part applications, request for continued examination applications, divisional applications, reissue applications, re-examinations or extensions thereof, and in and to any and all patents of the United States which may be issued for said invention, and all rights to claim priority therefrom and/or thereto; and any copyright or designs associated with or in said invention, and all rights of action and damages for any past, present or future infringement relating thereto, including all rights of actions and damages from publication of the patent applications and/or issuance of any patent relating thereto;

UPON SAID CONSIDERATIONS, I hereby agree with the said Assignee that I will not execute any writing or do any act whatsoever conflicting with these presents, and that I will, at any time upon request, without further or additional consideration but at the expense of said assignee, execute such additional assignments and other writings and do such additional acts as said Assignee may deem necessary or desirable to perfect the assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, continuations, continuations-in-part, reexamined, reissued, or extended Letters Patent of the United States on said invention, and in enforcing any rights or choses in action accruing as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of the assigns and legal representatives of assignor and assignee;

AND I hereby request that the Commissioner for Patents to issue any Letters Patent of the United States which may be issued for said invention to said Assignee, its legal representatives, successors or assigns, as the sole owner of the entire right, title and interest in and to said patent(s) and the invention covered thereby.
