ASSIGNMENT

IN CONSIDERATION OF TEN DOLLARS (\$10.00) and other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, we, Walter M. Hendrix and Scott B. Hendrix, ("ASSIGNORS"), being joint inventors and having made an invention in Electric Vehicle Fleet Charging System while in association with Sierra Smart Systems, LLC, a partnership organized and existing under the laws of the State of Texas, with a mailing address of 2101 Sky Ridge Creek, Richardson, Texas 75082 (sometimes hereinafter called "ASSIGNEE"), do hereby ASSIGN, SELL and CONVEY to said ASSIGNEE, its successors and assigns, the entire right, title and interest throughout the world in and to:

1. Said invention in Electric Vehicle Fleet Charging System;
2. United States of America provisional patent application on said invention, filed as U.S. Provisional Patent Application Serial No. 61/490,233 on May 26, 2011 (Attorney's File No. 1382.0001), entitled Plug-In Electric Vehicle Fleet Charging System;
2. United States of America non-provisional patent application on said invention, filed as U.S. Patent Application Serial No. 13/481,572 on May 25, 2012 (Attorney's File No. 1382.0007), entitled Electric Vehicle Fleet Charging System;
3. All applications for patent or like protection on said invention that have now been or may in the future be made by us or our legal representatives, including any non-provisional, divisional, continuation, continuation-in-part and any other utility applications that may be based on this invention, whether in the United States of America or any other place anywhere in the world;
4. All patents and like protection that have now been or may in the future be granted on said invention to us or our legal representatives, whether in the United States of America or in any other country or place anywhere in the world;
5. All substitutions for and divisions, continuations, continuations-in-part, renewals, reissues, extensions, and the like of said applications and patents and like grants, including without limitations, those obtained or permissible under past, present and future law and statutes;

6. All rights of action on account of past, present and future unauthorized use of said invention for infringement of said patents and like protection;
7. The right to ASSIGNEE to file in its name applications for patents and like protection for said invention in the United States and in any country or countries foreign to the United States; and
8. All international rights of priority associated with said invention, applications, patents and like protection;

and we covenant that we, our heirs, legal representatives, assigns, administrators, and executors will at the expense of ASSIGNEE, its successors and assigns, execute all papers and perform such other acts as may be reasonably necessary to give ASSIGNEE, its successors and assigns, the full benefit of this Assignment.
