ASSIGNMENT

Inventor(s): **Cristian Ivanescu, (Deceased, executed by Legal Representative)**
Cristian Toma,
Michael Francis Quigley

Serial Nos.: U.S. Patent Application Serial No. 15/901,323; and
International Patent Application No. PCT/US18/18992

Filing Date: February 21, 2018

Title: **HYDROPONICS APPARATUS, SYSTEM AND METHOD**

WHEREAS, **Cristian Ivanescu (Deceased, executed by Legal Representative), Cristian Toma, and Michael Francis Quigley** whose post office addresses appear below (hereinafter referred to as Assignors), have invented certain new and useful improvements related to **HYDROPONICS APPARATUS, SYSTEM AND METHOD** described in the above-captioned patent applications (hereinafter referred to as the Invention).

WHEREAS, **Eco Convergence Group, Inc.**, whose post office address is **8440 Tradeport Dr., Suite 102-103 Orlando, FL 32827** (hereinafter referred to as Assignee), is desirous of acquiring the entire right, title and interest in and to the same in the United States and throughout the world.

NOW, THEREFORE, for good and valuable consideration, receipt and sufficiency of which is hereby acknowledged, we, Assignors, by these presents do sell, assign and transfer unto said Assignee, the entire right, title and interest in and to The Invention, throughout the United States of America and the world, including, but not limited to, the entire right, title and interest in and to any U.S. or foreign patents or patent applications related to the Invention including, but not limited to, the above-captioned patent applications, any division, continuation, continuation-in-part, extension, reexamination, renewal, or reissue of such applications, any U.S. or foreign patents or inventor certificates granted thereon, the right to apply for U.S. or foreign patents and inventor certificates in respect thereof and to claim priority pursuant to rights accorded Assignors under the terms of U.S. law, the Paris International Convention and all other available international conventions and treaties; and the entire right, title and interest in and to any and all patents, patents of addition, utility models, patents of importation, revalidation patents and inventor certificates which may be granted throughout the world in respect of the Invention, including the right to sue for damages for infringement of any resulting patents, including the right to sue for infringement occurring before this Assignment.

ALSO, Assignors hereby agree to execute any documents that legally may be required in connection with the filing, prosecution and maintenance of said applications or any other patent application(s) or inventor certificate(s) in the United States and in foreign countries for the Invention, including additional documents that may be required to affirm the rights of Assignee in and to the Invention, all without further consideration. Assignors also agree, without further consideration, to identify and communicate to Assignee at Assignee's request documents and information concerning the Invention that are within Assignors' possession, custody or control, and to provide further assurances and testimony on behalf of Assignee that lawfully may be required of Assignors in respect of the prosecution, maintenance and defense of any patent application or patent encompassed within the terms of this instrument. Assignors' obligations under this instrument shall extend to Assignors' heirs, executors, administrators and other legal representatives. If no serial number is listed above for the above-captioned patent applications, Assignors hereby authorize the firm of Greenberg Traurig to insert into this Assignment the Serial Number or other information which may be necessary to identify the patent application or patents to which this Assignment relates.

Assignors hereby authorize and request the Commissioner of Patents and Trademarks to issue any and all United States Letters Patent based on the above-captioned patent applications to Assignee, for Assignee's sole use and behoof; and for the use and behoof of Assignee's legal representatives and successors, to the full end of the term for which such Letters Patent may be granted, as fully and entirely as the same would have been held by Assignors had this assignment not been made.
