## PATENT ASSIGNMENT AGREEMENT

This Patent Assignment Agreement (the "Assignment") is made between Poly-America, L.P., a Texas limited partnership (the "Assignee"), on one hand, and Michael A. Ross (the "Inventor"), on the other hand.

WITNESSETH:

WHEREAS, Inventor invented an improved trash bag, (the "Invention"); and

WHEREAS, Inventor filed a U.S. design patent application for the Invention on or about March 2, 2018, entitled "*Trash Bag*," to which Serial Number 29/638,971 was assigned, (the "Patent Application"); and

WHEREAS, the Inventor is desirous of assigning all of his rights, including patent rights, to the Invention and Patent Application and any related patents that may issue therefrom (the "Patents"); and

WHEREAS, in return for the assignment, Assignee agrees to diligently prosecute the Patent Application, maintain any Patents that may issue therefrom, and be responsible for enforcing the Patents.

NOW, THEREFORE, for consideration of \$10.00 and other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Assignee and Inventor agree as follows.

1. Inventor hereby assigns without limitation to Assignee for the territory of the United States of America and the entire world his entire right, title, and interest in and to the Invention, Patent Application, and Patents, including all divisionals, continuations, continuations-in-part, renewals, reissues, or substitute applications, and also including all foreign equivalents thereof and any priority rights for patent applications foreign to the United States of America. Inventor hereby transfers and conveys to Assignee the right to recover for any past, present, and future infringement of the Patents assigned herein.

2. Inventor hereby covenants and agrees, for himself and his legal representatives, that they will assist Assignee in the prosecution of the Patent Application, in the making and prosecution of any other applications for patents that the Assignee may elect to make covering the Invention herein identified, as herein before set forth, including any application for reissue, application for reexamination, application for foreign patent rights, or any proceeding in the United States Patent and Trademark Office affecting the Invention, investing in Assignee exclusive title in and to all such other applications and patents; and in the prosecution of any interference, which may arise involving said Invention, or any application or patents herein contemplated; that they will promptly execute and deliver to Assignee any and all additional papers and make all lawful oaths which may be requested by Assignee to fully carry out the terms of this Patent Assignment; and further that they will communicate to Assignee, or to its successors, assigns, and legal representatives, any facts known respecting said

Invention, and at the expense of Assignee, testify in any legal proceedings, and generally do everything possible to aid Assignee, its successors, assigns and nominees to obtain and enforce proper patent protection for said invention in all countries.

IN WITNESS WHEREOF, the parties have executed this Agreement, effective March 2, 2018.
