DECLARATION OF YUNIARTO WIDAJA, CEO OF ZENO SEMICONDUCTOR, INC.

Sir:

I, Yuniarto Widjaja do hereby declare:

1. I am the Chief Executive Officer of Zeno Semiconductor, Inc. and an inventor of all of the inventions of the below listed patent applications and patents.

2. That a document indicated as a "New Assignment" on the Patent Assignment Cover Sheet was previously erroneously recorded on February 1, 2017 at Reel/Frame 041150/0808 by Silicon Storage Technology Inc. in regard to Application Nos. 14/956,253; 15/055,416; 15/185,156; 15/237,441; 15/347,048 and 15/414,870.

3. That Zeno Semiconductor, Inc. is the correct owner of all of the above-mentioned patent applications, as well as all patents that have issued therefrom.

4. That the document titled "Proprietary Information and Inventions Agreement" that was recorded at Reel/Frame 041150/0808 by Silicon Storage Technology Inc. (hereafter, SST) in regard to the above applications is erroneous and was submitted with erroneous information, as it is not an assignment of any of the above applications, and as all of the inventions covered by the above applications and patents issuing therefrom were invented either solely or jointly by Yuniarto Widjaja after ending employment by SST, and were invented without the use of SST's equipment,

supplies, facilities or trade secret information, and therefore there was no obligation to assign any of the above applications to SST, and none of the above applications were assigned to SST.

5. That Application Serial Nos. 14/956,253; 15/055,416; 15/185,156; 15/237,441; 15/347,048 and 15/414,870 are continuation-in-part applications for which a prior assignment of the original application is not effective, and which require a newly executed assignment, see M.P.E.P. 306.

6. That Application Serial No. 15/055,416 does not claim priority to any applications relating to the document titled "Proprietary Information and Inventions Agreement" that SST has submitted as a basis for assignment.

7. A summary of the true chain of title for each of the above identified patent applications, which also pertains to the patents that issued from the above-identified applications is provided here, to make it clear that the chain of title for each of the patent applications identified, and patents issuing or having issued therefrom, should not be considered altered by the erroneous information recorded by SST at Reel/Frame 041150/0808, and that the last correct assignee, i.e., Zeno Semiconductor, Inc., has been, and continues to be, the owner of each of the patent applications and patents listed below and above.
