Assignment

Whereas, I, Fred HAMPRECHT, of Langer Anger 133, 69115 Heidelberg, Germany, hereinafter called assignor, have invented certain improvements in

"Active Machine Learning for Training an Event Classification"

and executed an application for Letters Patent of the United States therefor, filed on February 24, 2018 as patent application serial no. 15/904345 (Confirmation No. 8247), based on International Patent Application No. PCT/EP2016/069914 filed on August 23, 2016; and

Whereas, Ruprecht-Karls-Universität Heidelberg, having a place of business at Seminarstr. 2, 69117 Heidelberg, Germany, hereinafter called assignee, desires to acquire the entire right, title, and interest in the application and the invention disclosed therein, and to any United States patents to be obtained therefor;

Therefore, for valuable consideration, receipt whereof is hereby acknowledged,

I, the above named assignor, hereby state as follows:

To the extent that my entire right, title and interest in the application and the invention disclosed therein have not transferred to the assignee by virtue of applicable law and/or contract, I hereby sell, assign and transfer to the above named assignee, its successors and assigns, the entire/remaining, present/expectant right, title and interest in the application and the invention disclosed therein for the United States of America, including all divisionals and continuations thereof, and all Letters Patent of the United States that may be granted thereon, and all reissues thereof, including the right to claim priority under 35 U.S.C. §119; and I request the Director of the U.S. Patent and Trademark Office to issue any Letters Patent granted upon the invention set forth in the application to the assignee, its successors and assigns; and I will execute without further consideration all papers deemed necessary by the assignee in connection with the United States and foreign applications when called upon to do so by the assignee.
