ASSIGNMENT AND AGREEMENT

For good and valuable consideration, the receipt of which is hereby acknowledged, I, BRANDON BRENNEMAN of Chandler, Arizona, have sold, assigned, and transferred, or do hereby sell, assign, and transfer unto SUPERIOR PRECISION ENGINEERING LLC (SPE MACHINING), an Arizona limited liability company, doing business as SPE MACHINING, having its principal office in Chandler, Arizona, and its successors, assigns, and legal representatives, the entire right, title, and interest in and to certain invention(s) entitled GRINDER, which is described, illustrated, and/or claimed in an application for patent under Attorney Docket No. 5571.0004, together with the entire right, title and interest in and to the application, and in and to any continuation, division, reissue, reexamination, extension, renewal, or substitute thereof, and in and to any patent which may grant upon such application(s).

I hereby sell, assign, and transfer unto SPE MACHINING, the entire right, title, and interest in and to application(s) for patent filed in all countries foreign to the United States, and in and to application(s) for patent filed under any and all international conventions and treaties, and in and to any patent issuing therefrom, which describe, illustrate, and claim the above-identified invention(s). I hereby also sell, assign, and transfer unto SPE MACHINING, the entire right, title, and interest in and to all rights under any and all international conventions and treaties in respect of the above-identified invention(s). I authorize SPE MACHINING to apply for patent in foreign countries directly in its own name, and to claim the priority of the filing date under the provisions of any and all domestic laws and international conventions and treaties.

I hereby authorize and request the government authority in the United States to issue patent(s) upon the aforesaid application, continuation, division, reissue, reexamination, extension, renewal, or substitute, to SPE MACHINING, for the sole use and behalf of SPE MACHINING, its successors, assigns, and legal representatives, to the full end of the term for which the patent(s) may be granted, the same as they would have been held and enjoyed by me had this assignment not been made. I authorize and request the equivalent authorities in countries foreign to the United States to issue the patents of their respective countries to and in the name of SPE MACHINING in the same manner.

I agree that, when requested, I will, without charge to SPE MACHINING, but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable, or convenient for securing and maintaining patents for the invention(s) in any and all countries and for vesting title thereto in SPE MACHINING, its successors, assigns, and legal representatives or nominees.

I covenant with SPE MACHINING, its successors, assigns, and legal representatives that the interest and property hereby conveyed is free from any prior assignment, grant, mortgage, license, or other encumbrance.
