ASSIGNMENT

For valuable consideration, I, Matthew C. Coffey, of 2231 Bowness Road N.W., Calgary, Alberta T2N 3L4, Canada, an inventor of the inventions and improvements that are the subject of an application for United States Patent entitled *Reoviruses Having Modified Sequences*, filed March 11, 2008, and assigned U.S. Serial Number 12/046,095, hereby assign to Oncolytics Biotech Inc., a corporation of Canada, having a place of business at 1167 Kensington Crescent, N.W., Suite 210, Calgary, Alberta T2N 1X7, Canada, and its successors and assigns (collectively hereinafter called "the Assignee") the entire right, title and interest throughout the world of the inventions and improvements which are the subject of the above-referenced application for United States Patent.

This Assignment includes said application, any and all United States and foreign patents, utility models, and design registrations granted for any of said inventions and improvements. This Assignment includes the right to claim priority based upon the filing date of said application under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes.

I authorize the Assignee to apply in all countries in my name or in its own name for patents, utility models, design registrations and like rights of exclusion and for inventors' certificates for said inventions and improvements.

I agree for myself and my respective heirs, legal representatives and assigns, without further compensation to perform such lawful acts and to sign such further applications, Assignments, Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully this Assignment.
