SIPix, INC.

EMPLOYEE CONFIDENTIAL INFORMATION AND INVENTIONS AGREEMENT

In partial consideration and as a condition of my employment or continued employment with SIPix, Inc., a Delaware corporation (which together with any parent, subsidiary, affiliate, or successor is hereinafter referred to as the "**Company**"), and effective as of the date that my employment with the Company first commenced, I hereby agree as follows:

1. *Noncompetition.*

During my employment with the Company, I will perform for the Company such duties as it may designate from time to time and will devote my full time and best efforts to the business of the Company and will not, without the prior written approval of (i) an officer of the Company if I am not an executive officer of the Company or (ii) the Board of Directors of the Company if I am an executive officer of the Company, (a) engage in any other employment, occupation or consulting, or (b) directly or indirectly participate in or assist any business which is a current or potential supplier, customer, or competitor of the Company.

2. *Nonsolicitation.*

During the term of my employment by the Company, and for twelve months thereafter, I shall not directly or indirectly, without the prior written consent of the Company, solicit, recruit, encourage or induce any employees, directors, consultants, contractors or subcontractors of the Company to leave the employ of the Company, either on my own behalf or on behalf of any other person or entity.

3. *Confidentiality Obligation.*

I will hold all Company Confidential Information in confidence and will not disclose, use, copy, publish, summarize, or remove from the premises of the Company any Confidential Information, except (a) as necessary to carry out my assigned responsibilities as a Company employee, and (b) after termination of my employment, only as specifically authorized in writing by an officer of the Company. "**Confidential Information**" is all information related to any aspect of the business of the Company which is either information not known by actual or potential competitors of the Company or is proprietary information of the Company, whether of a technical nature or otherwise. Confidential Information includes inventions, disclosures, processes, systems, methods, formulae, devices, patents, patent applications, trademarks, intellectual properties, instruments, materials, products, patterns, compilations, programs, techniques, sequences,

designs, research or development activities and plans, specifications, computer programs, source codes, mask works, costs of production, prices or other financial data, volume of sales, promotional methods, marketing plans, lists of names or classes of customers or personnel, lists of suppliers, business plans, business opportunities, or financial statements.

4. *Information of Others.*

I will safeguard and keep confidential the proprietary information of customers, vendors, consultants, and other parties with which the Company does business to the same extent as if it were Company Confidential Information. I will not, during my employment with the Company or otherwise, use or disclose to the Company any confidential, trade secret, or other proprietary information or material of any previous employer or other person, and I will not bring onto the Company's premises any unpublished document or any other property belonging to any former employer without the written consent of that former employer.

5. *Company Property.*

All papers, records, data, notes, drawings, files, documents, samples, devices, products, equipment, and other materials, including copies and in whatever form, relating to the business of the Company that I possess or create as a result of my Company employment, whether or not confidential, are the sole and exclusive property of the Company. In the event of the termination of my employment, I will promptly deliver all such materials to the Company and will sign and deliver to the Company the "Termination Certificate" attached hereto as Exhibit A.

6. *Ownership of Inventions.*

All inventions, ideas, designs, circuits, schematics, formulas, algorithms, trade secrets, works of authorship, mask works, developments, processes, techniques, improvements, and related know-how which result from work performed by me, alone or with others, on behalf of the Company or from access to the Company Confidential Information or property whether or not patentable, copyrightable, or qualified for mask work protection (collectively "*Inventions*") shall be the property of the Company, and, to the extent permitted by law, shall be "works made for hire." I hereby assign and agree to assign to the Company or its designee, without further consideration, my entire right, title, and interest in and to all Inventions, other than those described in Paragraph 7 of this Agreement, including all rights to obtain, register, perfect, and enforce patents, copyrights, mask work rights, and other intellectual property protection for Inventions. I will disclose promptly and in writing to the individual designated by the Company or to my immediate supervisor all Inventions which I have made or reduced to practice. During my employment and for four years after, I will assist the Company (at its expense) to obtain and enforce patents, copyrights, mask work rights, and other forms of intellectual property protection on Inventions.

7. Excluded Inventions.

Attached as Exhibit B is a list of all inventions, improvements, and original works of authorship which I desire to exclude from this Agreement, each of which has been made or reduced to practice by me prior to my employment by the Company. I understand that this Agreement requires disclosure, but not assignment, of any invention that qualifies under Section 2870 of the California Labor Code, which reads:

"Any provision in an employment agreement which provides that an employee shall assign or offer to assign any of his or her rights in an invention to his or her employer shall not apply to an invention that the employee developed entirely on his or her own time without using the employer's equipment, supplies, facilities, or trade secret information except for those inventions that either:

- a) relate at the time of conception or reduction to practice of the invention to the employer's business or actual or demonstrably anticipated research or development of the employer, or
- b) result from any work performed by the employee for the employer."

8. Prior Contracts.

I represent that there are no other contracts to assign inventions that are now in existence between any other person or entity and me. I further represent that I have no other employments, consultancies, or undertakings which would restrict and impair my performance of this Agreement.

9. Agreements with the United States Government and Other Third Parties.

I acknowledge that the Company from time to time may have agreements with other persons or with the United States Government or agencies thereof which impose obligations or restrictions on the Company regarding Inventions made during the course of work under such agreements or regarding the confidential nature of such work. I agree to be bound by all such obligations or restrictions and to take all action necessary to discharge the obligations of the Company thereunder.

10. No Employment Agreement.

I agree that unless specifically provided in another writing signed by an officer of the Company and me, my employment by the Company is not for a definite

period of time. Rather, my employment relationship with the Company is one of employment at will and my continued employment is not obligatory by either the Company or me.

11. Miscellaneous.

11.1 Governing Law. This Agreement shall be governed by, and construed in accordance with, the laws of the State of California excluding those laws that direct the application of the laws of another jurisdiction.

11.2 Enforcement. If any provision of this Agreement shall be determined to be invalid or unenforceable for any reason, it shall be adjusted rather than voided, if possible, in order to achieve the intent of the parties to the extent possible. In any event, all other provisions of this Agreement, shall be deemed valid, and enforceable to the full extent possible.

11.3 Injunctive Relief; Consent to Jurisdiction. I acknowledge and agree that damages will not be an adequate remedy in the event of a breach of any of my obligations under this Agreement. I therefore agree that the Company shall be entitled (without limitation of any other rights or remedies otherwise available to the Company and without the necessity of posting a bond) to obtain an injunction from any court of competent jurisdiction prohibiting the continuance or recurrence of any breach of this Agreement. I hereby submit myself to the jurisdiction and venue of the courts of the State of California for purposes of any such action. I further agree that service upon me in any such action or proceeding may be made by first class mail, certified or registered, to my address as last appearing on the records of the Company.

11.4 Arbitration. I further agree that the Company, at its option, may elect to submit any dispute or controversy arising out of or related to this Agreement for final settlement by arbitration conducted in Santa Clara County, California in accordance with the then existing rules of the American Arbitration Association, and judgment upon the award rendered by the arbitrators shall be specifically enforceable and may be entered in any court having jurisdiction thereof.

11.5 Attorneys' Fees. If any party seeks to enforce its rights under this Agreement by legal proceedings or otherwise, the non-prevailing party shall pay all costs and expenses of the prevailing party.

11.6 Waiver. The waiver by the Company of a breach of any provision of this Agreement shall not operate or be construed as a waiver of any subsequent breach of the same or any other provision hereof.

11.7 Binding Effect. This Agreement shall be binding upon and shall inure to the benefit of the successors, executors, administrators, heirs, representatives, and assigns of the parties.

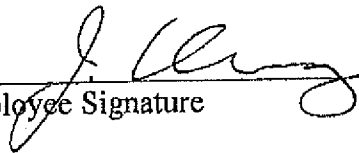

11.8 Headings. The Section headings herein are intended for reference and shall not by themselves determine the construction or interpretation of this Agreement.

11.9 Survival of Provisions. Sections 2, 3, 4, 5 and 6 and any other provision the nature of which dictates that it survives the termination of my employment with the Company, shall survive such termination.

11.10 Entire Agreement; Modifications. This Employee Confidential Information and Inventions Agreement contains the entire agreement between the Company and the undersigned employee concerning the subject matter hereof and supersedes any and all prior and contemporaneous negotiations, correspondence, understandings, and agreements, whether oral or written, respecting that subject matter. All modifications to this Agreement must be in writing and signed by the party against whom enforcement of such modification is sought.
