COMBINED DECLARATION (37 CFR § 1.63) AND ASSIGNMENT (JUAL PURPOSE)
FOR UTILITY OR DESIGN PATENT APPLICATION

DECLARATION:

The within-identified application was made or authorized to be made by me.

I believe that I am the original inventor or an original joint inventor of a claimed invention in the application.

I have reviewed and understand the contents of the above-identified application, including the claims.

I acknowledge the duty to disclose to the United States Patent and Trademark Office all information known to me to be material to patentability as defined in 37 CFR 1.56, including for continuation-in-part applications, material information which became available between the filing date of the prior application and the national or PCT international filing date of the continuation-in-part application.

I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. § 1001 by fine or imprisonment of not more than five (5) years, or both.

ASSIGNMENT:

WHEREAS, I, the undersigned,

Mark WEBER, residing at

231 RIVERSIDE DR., TOWER 1, SUITE 902
MIAMI BEACH, FL 33137

am a joint inventor of the invention described and claimed in "LED-BASED DENTAL EXAM LAMP" and hereby execute an application for a patent of the United States, being a continuation of U.S. Patent Application No. 12/966,837, and

am also aware of the following related United States patents and application:

RE44,385, issued February 28, 2017;

8,931,042, issued January 13, 2015;

7,425,877, issued September 16, 2008; and

11/867,876, filing date of October 8, 2007;

WHEREAS, RAYO DENTAL TECHNOLOGIES, LLC (hereinafter termed "Assignee"), having a place of business at 11727 Freshwater Drive, Charlotte, NC 28273, desires to acquire my entire right, title and interest in and to said application and the invention disclosed therein, and in and to all embodiments of the invention hereinafter conceived, made or discovered by me and my co-inventors (all collectively hereinafter termed "said invention") and in and to any and all patents, inventor's certificates and other forms of protection (hereinafter termed "patents") thereon granted in the United States and foreign countries;

NOW, THEREFORE, in consideration of good and valuable consideration, receipt and sufficiency of which is acknowledged by me to have been received in full from said Assignee:

1. I do hereby sell, assign, transfer and convey unto said Assignee, with full and complete power of attorney, transfer, or conveyance unto said Assignee, my entire right, title and interest in and to (a) said application and said invention; (b) all rights to apply for foreign patents on said invention pursuant to the International Convention for the Protection of Industrial Property or otherwise; (c) the related patents and application listed above; (d) any and all applications filed and may and all patents granted on said invention in the United States or any foreign country including each and every application filed and each and every patent granted on any application which is a division, continuation, or continuation of any of said applications; (e) each and every release or extension of any of said patents; and (f) any royalties or damages owed by third parties for past infringement of any of the foregoing patents and applications.

2. I hereby covenant and agree to cooperate with said Assignee to enable said Assignee to enjoy to the fullest extent the right title and interest herein conveyed in the United States and foreign countries. Such cooperation by me shall include prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by said Assignee (a) for perfecting in said Assignee the right, title and interest herein conveyed; (b) for prosecuting any of said applications; (c) for filing and prosecuting substitute, divisional, continuing or additional applications covering said invention; (d) for filing and prosecuting applications for reissue of any said patents; (e) for interference or other priority proceedings involving said invention; and (f) for legal proceedings involving said invention and any applications therefor and any patents granted thereon, including without limitation opposition proceedings, cancellation proceedings, priority contests, public use proceedings, infringement actions and court actions; provided, however, that the expense incurred by me in providing such cooperation shall be paid for by said Assignee.

3. The terms and covenants of this assignment shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon me and my respective heirs, legal representatives and assigns.

4. I hereby warrant and represent that I have not entered and will not enter into any assignment, contract, or understanding in conflict herewith.

IN WITNESS WHEREOF, I have executed and delivered this instrument to said Assignee.
