EXHIBIT B-2

Form of Patent Assignment

PATENT ASSIGNMENT

THIS PATENT ASSIGNMENT, effective as of August 23, 2012 by and between Richard M. Kipperman ("Assignor"), as trustee of the Chapter 7 bankruptcy estate of Traversa Therapeutics, Inc. (the "Debtor"), and Scott Petersen (the "Assignee").

WHEREAS, Assignor is the Trustee of the Debtor. This Assignment is entered into with respect to inventions and patent applications set forth in Annex 1 hereto (collectively, the "Patents");

WHEREAS, Assignor and Assignee are parties to that certain Asset Purchase Agreement, dated as of August 22, 2012 (the "Asset Purchase Agreement"), which, along with the promises contained herein, constitutes consideration for the promises herein; and

WHEREAS, under the Asset Purchase Agreement, Assignor has agreed to assign whatever right, title and interest in and to the Patents that the Debtor possesses to Assignee, and Assignee agrees to acquire all of the right, title and interest in and to the Patents that the Debtor possesses.

AGREEMENT

NOW, THEREFORE, for the consideration set forth in the Asset Purchase Agreement, the receipt and legal sufficiency of which are hereby acknowledged:

1. Assignor does hereby unconditionally and irrevocably assigns, conveys, sells, releases, delivers and transfers unto the Assignee, its successors and assigns, all of Traversa Therapeutic Inc.'s right, title and interest in and to (i) the Patents; (ii) any patent or patent application that claims priority to and is a divisional, continuation, reissue, renewal, reexamination, substitution or extension of a patent application identified in (i); (iii) any patents issuing on any of the patent applications identified in (i) or (ii), including any reissues, renewals, reexaminations, substitutions or extensions thereof, and foreign equivalents of the foregoing; (iv) any continuation-in-part application or patent of any patent or patent application identified in (i), (ii) or (iii); (v) any foreign counterpart (including PCTs) of any of the patents or patent applications identified in (i), (ii), (iii) or (iv); (vi) any supplementary protection certificates, any other patent term extensions, and restorations and the like of any patents and patent applications identified in (i) through (v) (collectively (i) through (vi) are the "Assigned Patents"); and (vii) the right to sue and recover any and all damages, profits and any and all other remedies for past, present or future infringements or violations of any of (i) through (vi) worldwide and in Assignee's sole name.

2. And for the above-named considerations, Assignor hereby requests the United States Patent and Trademark Office Commissioner for Patents and any other applicable governmental entity or registrar (including any applicable foreign or international office or registrar), to record Assignee as the assignee of the Assigned Patents.

3. And for the above-named considerations, Assignor does hereby authorize and empower the Assignee, his successors and assigns, to apply for and obtain, in his own name, Letters Patent for the said inventions before competent International Authorities and in any and all countries foreign to the United States in which applications for Letters Patent can be so made or Letters Patent so obtained.

4. And for the above-named considerations, upon Assignee's reasonable request, Assignor shall execute, acknowledge and deliver all such other instruments and documents and shall take all such other actions reasonably necessary or required by law to consummate and make fully effective the transaction contemplated by this Assignment.

5. This Assignment and all the provisions hereof shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and permitted assigns and nothing herein express or implied shall give or be construed to give to any person, other than the parties hereto and such permitted assigns, any legal or equitable rights hereunder.
