Assignment of Invention

For good and valuable consideration, the receipt of which is hereby acknowledged, Larry Hieb of 633 Morning View Way, Murphy, Texas 75094 (hereafter "Assignor") does hereby assign, sell and transfer to Sanden Vendo America, Inc., a corporation of 10710 Sanden Drive, Dallas, Texas 75238 (hereafter "Assignee"), and the successors, assigns and legal representatives of the Assignee, all worldwide right, title and interest, including the rights to claim priority, in and to any and all inventions and improvements which are disclosed in the invention entitled "Shelving Angle Adjustment Mechanism and Related Methods" and which is found in the U.S. patent filed herewith, and any legal equivalent thereof in said countries, including the right to claim priority, and in and to, all Letters Patent to be obtained for said invention by the above application or any continuation, division, renewal, or substitute thereof, and as to letters patent any reissue or re-examination thereof.

Assignor covenants that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this assignment.

Assignor further covenants that Assignee will, upon its request, be provided promptly with all pertinent facts and documents relating to said invention and said Letters Patent and legal equivalents as may be known and accessible to Assignor and will testify as to the same in any interference, litigation, or proceeding related thereto and will promptly execute and deliver to Assignee or its legal representatives any and all papers, instruments, affidavits required to apply for, obtain, maintain, issue and enforce said application, said invention and said Letters Patent and said equivalents thereof which may be necessary or desirable to carry out the purposes thereof.

In Witness Whereof, I have hereunto set hand and seal this 11th day of October, 2018.
