PATENT ASSIGNMENT

WHEREAS, the undersigned ("ASSIGNORS") are the named inventors of the U.S. patent application nos. 62/217,864, filed September 12, 2015 and 15/262,125, filed September 12, 2016 and entitled "SELF-SERVICE PARCEL TERMINAL WITH OPTIMIZED SHELVING ARRANGEMENT" (collectively, "Applications"),

AND WHEREAS Cleveron Ltd., having a place of business at Reimu tee 48, Viljandi, Estonia 71020 ("ASSIGNEE"), is desirous of acquiring all right, title, and interest in and to the Applications;

FOR GOOD AND VALUABLE CONSIDERATION, the receipt, sufficiency and adequacy of which are hereby acknowledged, each of the ASSIGNORS hereby:

IRREVOCABLY SELLS, ASSIGNS, AND TRANSFERS to the ASSIGNEE ASSIGNOR's entire right, title, and interest in the Applications throughout the world, including all information disclosed therein, such right, title, and interest including but not limited to the right to sue for injunctions and/or damages for any past, ongoing, and/or future infringement, effective as of the filing date of each of the Applications. For the avoidance of doubt, this sale, assignment, and transfer extends to all ASSIGNOR's right, title, and interest in all patents and applications (throughout the world) of any kind that claim priority to or otherwise issue from any of the Applications, including any and all divisional, continuation, continuation-in-part, continuing, extension, foreign, international, national phase, non-provisional, provisional, reexamination, reissue, renewal or substitute patents and/or patent applications;

WARRANTS AND COVENANTS that ASSIGNOR has the authority to enter this ASSIGNMENT agreement, and that ASSIGNOR has done nothing and will not do anything to impair the rights conveyed to ASSIGNEE by this Agreement;

COVENANT that, when requested and at the expense of the ASSIGNEE, ASSIGNOR will carry out in good faith the intent and purpose of this Agreement, including but not limited to executing any and all documents in connection with the Applications and any and all divisional, continuation, continuation-in-part, continuing, extension, foreign, international, national phase, non-provisional, provisional, reexamination, reissue, renewal or substitute patents, and/or patent applications claiming priority to, or based on any information disclosed in any of the Applications, including all rightful oaths, declarations, assignments, powers of attorney, and other papers; communicate to the ASSIGNEE all facts known to the ASSIGNOR relating to all information disclosed in the Applications and the history thereof; and generally do everything possible that the ASSIGNEE shall consider desirable for vesting title to the Applications and such patents and/or patent applications in the ASSIGNEE, and for securing, maintaining, and enforcing patent protection for the Applications and such patents and/or patent applications;

WAIVES any right it has to challenge the adequacy of the consideration; and

AGREES that this Agreement is binding on ASSIGNOR's heirs, assigns, representatives, and successors.

IN TESTIMONY WHEREOF, I have hereunto set my hand this day:

Date: 02/12/2016

Remi Lasso (signature)
